When finished, take the dirty water and throw it into the front yard. If there is no front yard, walk with the water to the nearest intersection and discard it toward the east.

Back inside the home, light the smudge stick and go

through every room in the house, wafting the smoke up, down, and into corners. You may recite a prayer of your choice.

When the smudge stick is finished, take the new broom and begin sweeping from the back of the house towards the front. When you are done, sweep out the front door. If there is no dirt left in the house, sweep anyway.

Take the blessed water to entry point in the house, doors and windows. Sprinkle a bit of water at each point. While sprinkling at each location, say the following:

May only good spirits and peaceful people enter here

Last, sprinkle salt at each of the four corners of the house.
