The U.T. Secret – What It Can Do For You

You have begun the most exciting adventure of your life. I will show you how to tune in, and turn on, the miraculous powers of the invisible Ultraterrestrial (“U.T.”) Wavelength. This miracle power is psychic-occult force and is the secret of the ancient mystic masters. I’m going to prove that you, too, can use this powerful Cosmic Force to enjoy lifetime prosperity, banish evil influences, attract unlimited riches and abundance, win lasting love and fulfillment, prevent illness and disease, enjoy increased health and vigor, bring new youthfulness – and that’s only the beginning!

SECRETS OF PSYCHIC POWER

Just as all material objects are composed of minute particles known as “atoms” – so, too, is the human mind composed of its thoughts. When desires for a better life are held firmly in the mind these particles of energy are stirred into creative and dynamic action to produce the desired effect in the outer objective world. And it

is these same energies which lie behind the successful development of one’s latent psychic powers. To form these energies into the varied psychic powers of the occult mind centers you should practice the psychic development exercises in Chapter One each day for at least ten minutes. The exercises are best performed early morning when the mind is refreshed from a good sleep. The more relaxed you are in mind and spirit the more abundant becomes the natural flow of psychic-occult force into your life. In Chapter 1, you will learn the simple attunement process for stimulating the power flow with which to achieve your every dream, goal, and desire in life within a short period of time.

THE MYSTIC POWER TO ATTRACT MONEY

The Great Universal Mind (God) desires you to be happy and fulfilled. Your psychic-occult mind is your personal link with the infinite psychic powers of the invisible world, and through this mystic bond with Psychic Spiritual Forces and Universal Mind, will come intuitive guidance to achieve your money goals. This power is omni-present and omni-potent and is, at this very moment, waiting to flow through you as an expression of positive psychic energy. Once this happens you will never want for money again. You can, and will, change your financial situation with the power of Rainbow Energy and Miracle Metaphysics.

STARTING THE MONEY FLOW

This psychic power – the ability to produce money as if from out of thin air – is latent within your psychic-occult mind. There is, within the mind of man, a “magic money machine” waiting patiently to be used. With this “magic money machine” under your conscious control, you will begin to have all the money you will ever need and desire to enjoy the material pleasures of the world.

OCCULTISM: THE BASICS

To get the most from occultism set aside ten to fifteen minutes of your time each day for its study and application. You should try

to practice at the same time each day and in the same place in your home to get the best results. Select a room where you are confident that while you are in it you will not be interrupted. If you happen to have a spare room available, then this would be ideal, but it is by no means mandatory.

Relax your body in a comfortable chair sitting upright with your back supported. The more relaxed you become the more creative power of mind is made available to you. Dim the room, but have some light coming in. Take the phone off the hook.

Close your eyes and direct your consciousness within to the area between the eyes. According to Eastern philosophy, the unity of all material and spiritual realities dwells in this square-inch space – known as the Third Eye – and is the source of creative mind powers. Powers that can open up a whole new way of life for those dedicated to seeing their dreams fulfilled.

Form a mental image of what you want to achieve in your mind and focus your attention upon the imaged desire. What you image in this way will come to pass. This is, in effect, basic occultism, and it will work for any worthwhile purpose: gaining money, peace of mind, better health, winning love and friendships, and the mystic strength to face life's problems. It is so simple, yet some try it and fail. Usually their own inbuilt psychological blocks of anxiety, pessimistic attitudes, fear, worry, and self-doubt negates their attempts. But when these and other unwanted negative mental attitudes are removed improvement in one's emotional and material circumstances is almost always instantaneous.

AMAZING TECHNIQUES WORK MIRACLES ALMOST INSTANTLY

You will, much to your delight, discover that once you begin using psychic and occult forces in your life that your dreams, desires and goals, will begin to appear in your life with little conscious effort on your part. This book will teach you how to change any situation so that you can begin to enjoy the happiness of dreams fulfilled. I will show you how to become master of your own destiny!

1. How To Turn On The Mighty Force Of The U.T. Wavelength

What is the Ultraterrestrial Wavelength? It is psychic. It is an occult power which you now possess, although you may not realize it at the moment. It is your power to work on the minds of others, and influence chance and coincidence to bring about any specific goal – whether it be money, love, or success – easily and quickly by magic means! It is your power to perform miracle after miracle!

Do you desire greater financial security? Do you desire peace of mind? Do you desire personal happiness? Do you want good health? Do you wish to enjoy good luck and success in life? Do you believe you possess the power to create the future of your choice?

Long before reaching the end of this book you will discover once secret occult ways for changing any area of your life by unobserved means. You will learn how to project powerful beams of occult power energy to draw to you the events, persons, and situations needed to achieve your every desired goal. The future will begin to take form under your conscious control. You will begin to experience success, power, and happiness on a regular, daily basis. You will possess the creative occult powers of Master Mystic!

YOUR INVISIBLE SERVANT

The power of psychic-occult force resides like an invisible servant, within your psychic-occult mind or subconscious. In order to tune into this miraculous power force you must first learn how to relax your mind which, filled with the worries of day-to-day life, acts as a brick wall to the flow of psychic-occult force within your psychic-occult mind. On the next page you will find a very effective relaxation method which will place your conscious mind into a highly receptive state to turn on and tune into the miraculous powers of the Ultraterrestrial Wavelength.

Before commencing any form of relaxation it is most important to first place yourself in the right frame of mind. This is simple to achieve through the expedient of learning to control your thoughts

and emotions because when relaxation releases the hidden power within you this power will create situations, and influence events, in direct relation to the thoughts and emotions within you.

You are now ready to begin.

Sit down in a dark, quiet room.

Relax your body in a comfortable chair, sitting upright, with our back supported. An ordinary padded kitchen chair will do just fine. I suggest you next take a few deep breaths to help make your mind calm. Close your eyes and take the phone off the hook. Sit in this passive, tranquil state of mind for a few minutes allowing your thoughts to roam, and then open your eyes.

Softly read the following words aloud, in a persuasive and soothing tone of voice, listening to what you are saying. Read slowly and pause for about three seconds at every three periods (. . .) in the text. If you own a tape recorder you can make a tape of the words, listening and relaxing with your eyes closed.

THE RELAXATION COMMAND

"I will relax each and every part of my body and allow my mind to sink into a deeply relaxed state. My feet will become loose and limp . . . totally relaxed . . . tension free, and I am sinking deeper into a deeply relaxed state . . . becoming more and more relaxed. My legs are becoming relaxed and rested . . . free from tension allowing my mental reasoning to sink deeper and deeper . . . drifting further . . . further into relaxation . . . my bottom, and my stomach, are becoming loose and limp . . . free from tension, totally relaxed . . . rested and tranquil.

"Sinking deeper and deeper . . . drifting down into a deep, relaxed state of mind.

"In control at all times . . . able to awaken at any time, for any reason . . . all I have to do is count to ten, slowly, allowing mind and body to awaken . . . relaxed and tension free.

"My chest and back are becoming relaxed . . . becoming loose, limp and tension free . . . totally relaxed.

"I can feel the tensions drifting away, allowing my mind to sink ever deeper into a calm, tranquil and relaxed state.

"My arms and shoulders . . . the back of my neck and head are now becoming relaxed and tension free allowing me to drift deeper and deeper into complete relaxation.

"I have become so relaxed . . . so very deeply relaxed and tension free, my psychic mind has become so sensitive, so very receptive to my every word, that each word I put into my mind will sink so deep, and create such an impression . . . that these things will remain for as long as I desire, constant and permanent. Firmly imbedded within my subconscious, and during the future my mind will continue as now exerting the same great influence over my thoughts and actions. I'm now relaxed and at peace."

TUNING INTO PSYCHIC OCCULT FORCE

You have already taken the most important step toward attuning your awareness to the Unlabeled Wavelength. By reading the first few pages of this book you have expressed a willingness to use this occult power force to improve your life.

The remainder of the attunement process is no more difficult. There is a point of coming together between you and the creative energies of the psychic-occult force within your mind, the secret force behind all psychic phenomena. You must put this secret force under your conscious control for the first time in your life.

And how is this done?

Lie down in a dark, quiet room.

Close your eyes and relax.

Concentrate on the interior of your head.

It will be dark, and then a tiny point of golden light will appear in the exact center of your head.

The golden light is actually psychic-occult force.

The mental process you have utilized to see this invisible energy is known as daydreaming. It is the fundamental force behind success.

Use your imagination to visualize the golden light growing brighter until the interior of your head is filled with a bright golden glow.

You now have complete control of the psychic-occult force. In this way you will now have limitless power available to you – to draw your needs and desires to you. You are now one of the most powerful forces in the cosmos.

Note: If you do not wish to visualize the point of light, or have difficulty doing so, apply a drop of gold colored ink to dark paper. Focus your attention on the gold spot until you can see it with your eyes closed.

How Damien K. Changed His Life With The Creative Powers of Psychic Occult Force

Does this magical force really work? Now, if psychic-occult force simply existed, and could not be used, there would be no reason for me to sit down and write this book or for you to read it. But this is not the case, as your will soon see. Based on personal experiences, and the experiences of scores of others, I am convinced that this powerful force can be controlled by the simple mental process of daydreaming!

Not so long ago I was a nobody, working long hours in a small office for a boss who was a bitch. I never had enough money to buy the many luxuries I desired in life. My health was poor due to a bad sinus problem, this was an expression of my frustration at not living the life I desired. I lived in a black hole of depression, and did not have anyone to share my life with. It took me thirty-three years to see the light at the end of tunnel.

In my spare time, I became interested in the art and practice of applied occultism. It took me five years of time consuming research into the secret teachings of the ancients to gradually separate fact from fantasy. This new knowledge is now revealed for the first time in this book in a simple, easy to read, format.

Since I have learned these secrets, everything in my life has changed to gold. I was lonely. I used the power to find the perfect mate – a beautiful ex-fashion model from Germany. I was unlucky. I used the power to magnetize and attract success beyond my wildest dreams. Money is no longer a problem. I have used the power to draw riches to me from unexpected sources, and now always think in terms of big money. My health is perfect now. Every tiniest detail of my life has changed for the better. For example, a few months ago an acquaintance of mine remarked on the fact that my hair was growing back!

What I have done, you can do also.

DYNAMIC MYSTIC POWER CHANTS TO RELEASE AND MAINTAIN PSYCHIC OCCULT FORCE

The Ultraterrestrial Secret Wavelength, the source of psychic-occult force, will respond to certain specific sound waves. These sound waves (mystic chants) were first discovered by the Mystic

Masters of ages past during occult rituals, and used to build up power within them.

There are three psychic-occult power chants to tune your higher mind (consciousness) to U.T. Wavelength. Use them to restore the creative energies of the psychic-occult force with your mind. You must feel confident that this secret force is in you and around you all hours of the day and night.

Lie down in a dark, quiet room.

Close your eyes and relax.

Make your mind passive and turn your awareness within.

Repeat each chant for five minutes, slowly, until you can feel magic vibrations all around you.

OM, OM, OM, OM, OM, OM, OM, OM, OM
OM, OM, OM, OM, OM, OM, OM, OM, OM

ME, ME, ME, ME, ME, ME, ME, ME, ME
ME, ME, ME, ME, ME, ME, ME, ME, ME

RA, RA, RA, RA, RA, RA, RA, RA, RA
RA, RA, RA, RA, RA, RA, RA, RA, RA

You now have complete control of the psychic-occult force. In this way you will now have limitless power available to you – to draw your needs and desires to you in the immediate future.

A short time from now, you are going to learn how to release the full materialization power of the occult, and then watch in amazement as each desired possession appears in your life for you to enjoy as often as you feel. Using this branch of psychic-occult force you're now going to actually be able to "will" things into existence. This miracle power, which you have possessed since birth, is as natural as breathing, and is just as easy to use.

START DEVELOPING YOUR POWER OF CREATIVE DAYDREAMING IN JUST FIVE MINUTES A DAY!

Each time a magazine or newspaper advertisement for a pleasurable and valued item that you would like to own attracts your attention, stop for a few moments and think about not only the desired item you wish to own, but also what you will do with it once

you possess it. Do this every day until the object comes to you freely.

This is the essence of creative daydreaming. This secret occult power can be accurately described as visualizing without the need to visualize in detail.

The first, vitally important, step in releasing the materialization power of the occult is to obtain every fact, figure and image (photo) you can find of the desired object. Then spend ten to fifteen minutes each day thinking about the desired object. It will soon come to you. Through the proper use of creative daydreaming success in every area of your life will come to you.

The power of creative daydreaming can reshape your future. You will be able to influence all areas of your life. Simply imagine the type of life you want to live, then watch as it becomes reality. Daydream about having large sums of money, receiving a healing, meeting new friends and lovers, winning big at gambling or anything else you desire in life. You can have whatever you want when you learn to daydream creatively about the future.

How Susan H. Materialized a Color TV

Susan H. had always wanted a color TV, but could not afford it on her Social Security money. Using this occult power force, she cut ads from a magazine, and spent a few minutes every night daydreaming that the color TV was already hers. Within two weeks she discovered a special discount store offering portable color sets at a quarter the normal cost. She had learned to use creative daydreaming to get results.

How Michael J. Made Money Appear

Michael J. needed money to satisfy his expensive tastes. He could not afford to buy the luxuries that he desired in life. He tried this occult power force, imagining himself living the life of a millionaire – complete with sports-cars and beautiful girls pampering his every whim – and four weeks later bought a winning lottery ticket that paid \$300,000. Michael had, in effect, produced money from out of thin air with creative occult force. You can do the same.

How Janet D. Found Her Ideal Man

Janet D. was very sad and lonely because she did not have a man to love and care for her. Once she learned how to turn on the power of daydreaming creatively she daydreamed about the type of man she would like to meet in the immediate future. Within ten days she met her ideal man at a lecture. They became good friends and were married within five months. She had used the power of creative daydreaming to seek out and find the perfect partner for true love and happiness.

LEARN TO EXPRESS YOUR DESIRES

The easiest way of using the psychic-occult force of creative daydreaming to reshape your future is to make positive expressions of your personal need and desires in writing. You can use a blank piece of paper or a notebook for this purpose. It is important that you are specific in expressing your need. The more specific you are the quicker the results. It is a well known fact in occult circles that the simple act of expressing your desires in writing will often bring those desires to you without any further effort. Remember – you must be explicit. You must know exactly what you want.

THREE STEPS TO PERFECT HAPPINESS

The First Step to happiness is:

Tune your mind to the Ultraterrestrial Wavelength. Know that this miracle power surrounds you 24 hours a day.

The Second Step is:

Express your desires in writing. Be specific. Describe in detail.

The Third Step is:

Put the creative power of psychic-occult force to work.

THE NEW PSYCHIC POWER RITUAL

Here, then, is the latest, most up to date method for stimulating the psychic-occult energies of the Ultraterrestrial Wavelength.

This secret Ritual is designed to stimulate the flow of the power force, and place it under your conscious control. When this Ritual has been completed your life will never again be the same. You will be free – free to live a life filled with health, wealth and happiness.

Allow nine to eighteen days for your new psychic power to arrive. You are now ready to begin.

Retire to a room where will not be disturbed. Sit down, relax and imagine you are surrounded by a bright, white light. Concentrate on this light until it seems to fill your entire body and soul. Now imagine the light is changing to a bright red. Concentrate on it and feel the red light begin to fill your body and soul. Imagine the red light has changed to a beautiful, relaxing sky blue. Concentrate all your attention on this blue light until it seems to fill your entire body and soul. Finally, imagine the blue light is changing to bright sparkling gold. Concentrate on this gold light until it has become a very real part of you – filling your body and soul with the energies of the Ultraterrestrial Wavelength.

This Psychic Power Ritual is repeated once each day, at the same time of day each time, for nine days. If increased psychic power is not experienced, repeat entire Ritual again for nine days, or until the psychic-occult force becomes stimulated sufficiently for you to experience psychic phenomena, whichever occurs first.

Note: If you do not wish to visualize the mystic colors, or have difficulty doing so, then simply think about the appropriate color.

TESTING YOUR NEW PSYCHIC POWER

You have now reached a stage in the development of psychic-occult force where you can test the efficacy and accuracy of your new power to work miracles. This simple test can be carried out whenever alone and unobserved. You will quickly come to realize how useful this new power can be when you begin to sense what other people are thinking!

You are now ready to begin.

Take an ordinary pack of (52) playing cards. Shuffle and cut and draw one card from the deck. Next, without looking, attempt to name the card you have chosen. Write down your “guess”. Check the actual identity of the card, and record your accuracy. Repeat the guessing and checking process for the remaining cards in the deck, recording the results.

It is best, at first, to limit the test to correctly naming the color of each card – red or black.

The Law of Averages dictates that you will correctly guess about fifty percent correct. A score higher than fifty percent would tend to suggest a psychic factor to the outcome. So if you can correctly divide the deck into fairly equal piles of red and black cards, the psychic-occult force is flowing through you.

Better results can be obtained if an old deck is used, preferably one which has only been handled by you. In this way, the 52 separate cards are imbued with your personal psychic vibrations, and you will find it easier to identify each individual card.

You can, if you like, extend the test to the four suits. Allocate four different sections of a table, one section for clubs, diamonds, hearts, and spades, plus a central space to place your misses.

How Ron J. Made a Fortune in the Stock Market After Using the New Psychic Power Ritual

Can the New Psychic Power Ritual be of practical help to you? The best way to answer that question is to tell you how this psychic-occult force helped an unfortunate young man change his life.

Many of us often think about what we would do if we ever found an easy way of making money. Ron J., a mechanic from Florida, also had those same thoughts, but his thoughts became reality.

Ron was in quite a predicament when I first met him. He lived in a third floor walk-up one-room apartment in the wrong part of town. The type of neighborhood where roaches were kept as pets and rats doubled as guard dogs. So when a friend suggested he come to see me for a way to change his life, he did. I was living in Florida at the time.

I sat him down, gave him a cup of coffee, and asked him to tell me his problems in his own words. “There must be more to life than going to work each day,” he said. “I don’t have the money to buy the luxuries I desire, or live the kind of life I dream about. I can only afford the very basics because of my low paid job. “I’ve always dreamed of speculating in the stock market, but I haven’t the confidence to do it. I can’t risk losing money on the wrong stock. Is there a way to know in advance which stocks are going to be successful in the near future?”

I assured him there was a way.

"Have you ever had a psychic experience, Ron?," I asked.

"No, but I've always had an interest in such things."

Good," I said. "That's all you need to make psychic-occult force work for you. Using the New Psychic Power Ritual will hone your mind to a fine intuitive edge, to help you select the right stock at the right time."

I told him to use the Ritual daily, at approximately the same time of day each time, before selecting stock from the newspaper market reports.

Ron followed my advice.

"Since using the New Psychic Power Ritual," he told me recently, "I have made over \$300,000 in just under three years . . . A sudden feeling of warmth will surge through my body as I move my finger down the page of stocks printed in the paper. I know by this that I am tuning into the right investments. Best of all, I'm now living in opulence on the very top floor of a luxury high-rise in an exclusive part of Miami. I have, with your help, changed my life forever. Thanks a million."

If Ron continues to use the Ritual regularly, there is no doubt in my mind that he will continue to make a fortune in the stock market.

USING PSYCHIC OCCULT FORCE TO WIN AT GAMBLING

There should be no doubt in your mind that psychic-occult force is going to make you a big winner in games of chance. Why? Because I am convinced that what has worked for scores of others will work for you too. The psychic-occult force will sensitize your mind to mystic luck vibrations controlling the Laws of Chance. Once this happens you will become an instant winner at lotteries, number games, roulette, bingo, horses, card-playing, and other games of chance. The psychic energies will transform you from a born loser to a born winner!

Here's how to turn luck vibrations your way. Just before you enter any game of chance, you should run through the New Psychic Power Rite and the playing card test. This will energize your mind – so that you can receive the psychic impulses that radiate from beneficial forces, and mystic luck vibrations.

These impulses will be perceived as a kind of "mental tug" or tingle throughout the body, and they will help you to know when to join a game of chance . . . how much to bet . . . and when to stop.

The only difference between just winning and winning big is psychic-occult force!

How David K. Won the State Lottery

David K. was about to lose his home and land because of nonpayment of back taxes. Once he put the power of psychic-occult force to work in his life, he bought a ticket in the state lottery on a day that "felt" right and won \$50,000, ten times as much money as he needed.

How Mary F. Won Consistently on the Horses

Mary F. was in desperate need of money to support her six children. I told her to try psychic-occult force to win at gambling. She applied the power to the horses and found, to her amazement, that winners for each race would jump out at her psychically from the racing form. The psychic force helped Mary pick all nine winners for that day at the track, which brought her a cool \$1,500 in a matter of hours. She now does so well she no longer has to depend on Social Security money to survive.

How Scott M. Won Every Poker Game

Scott M. loved to play poker, he would play it every lunchtime with the other guys in the office. Only problem was he just could not seem to win until he tried psychic-occult force. After a few weeks he knew every card the other players held in their hands. At long last, mystic power is working for Scott, instead of against him.

WHAT HAPPENS NOW?

Good luck became the normal way of life for Ron J., David K., Mary F., and Scott M. once they put the New Psychic Power Ritual to work. Select a time and place for the Ritual and repeat it daily. Keep a notebook of the psychic phenomenon you will experience after the Ritual. You will see signs of increased psychic

energy within three to four days of commencing the Ritual, which will manifest in such psychic experiences as telepathy, clairvoyance, prophecy, ESP, and the rest of the psychic-occult powers.

2. RAINBOW ENERGY RITUALS TO BRING YOU ALL THE RICHES, LOVE, POWER AND SUCCESS YOU WILL EVER NEED & DESIRE

You are about to discover an exciting new way to health, wealth and perfect living. To magnetize all the good things you desire in life. A secret U.T. power force that I call Rainbow Energy.

Unlike ordinary magic, which requires experience, and can be used only on certain days and at specific times, Rainbow Energy has the surging energies of U.T. Power behind it, and absolutely no prior occult experience of any kind is required to get results.

The process is simple.

The Rainbow Energy Rituals are, in effect, an extension of the New Psychic Power Ritual, and the mental process you will utilize to make the Rituals work for you is called daydreaming.

AMAZING RITUALS WORK WONDERS OVERNIGHT

Quickly and automatically, Rainbow Energy will reach out and bring all your desires and dreams to you for a lifetime of happiness. Here are just a few of the things you're about to discover:

*The Rainbow Energy Ritual to Win at Gambling. How Joe P. used the secrets of the ancients to draw \$500,000 to him.

*The Rainbow Energy Ritual to Find Love. How Kate A. found happiness and true love with the man of her dreams.

*The Rainbow Energy Ritual for a Complete Change of Luck. How Tony S. obtained his every desire after using psychic-occult force.

In the next few pages of this chapter, these Rituals of Rainbow Energy will be revealed to you. You are going to see how you can use these magic Rituals to work miracles in your life – actually overnight in most cases.

HOW THE SECRETS OF THE ANCIENT MYSTIC MASTERS BRING LOVE, MONEY, GOOD HEALTH, AND HAPPINESS

5,000 years ago the wizards of the Ancient World had access to the awesome powers of the Cosmos and Nature. These sages of ages past, deciphered the hidden code of the Mystic Rainbow in the sky above – *and were enriched beyond their wildest imaginings!* To use this ancient energy force, you must know exactly what you desire, and how you will obtain it.

The energy force locks onto the most dominant thought in your mind and then goes to work, in silent and invisible ways, to bring it into being. There is nothing wrong in using a mystic power in this way but much better results can be obtained if you utilize the secrets of the Mystic Rainbow and verbal invocation of Magic Vibrations. The ancient power force of Rainbow Energy will make you an instant success in all phases of life.

The diagram of the man in Figure A looks as if he is standing behind seven sparkling stars. In actual fact, these are the traditional seven connecting links between you and the U.T. World – through which Rainbow Energy will manifest in your life.

These links are normally almost totally inactive, but the Rituals that follow will activate the links, filling your body and mind with the creative force of the Ancients.

This instantaneous transformation of mental energy (desire) into the mystical energies of the Invisible World, is a genuine act of alchemy.

Your desire is, in fact, transferred from your own consciousness to the Inner Planes of the Invisible World. This occult creation process of Spiritual Alchemy is your personal link with the spirit forces of the Cosmos.

THE SEVEN TRADITIONAL LINKS TO THE ULTRATERRESTRIAL

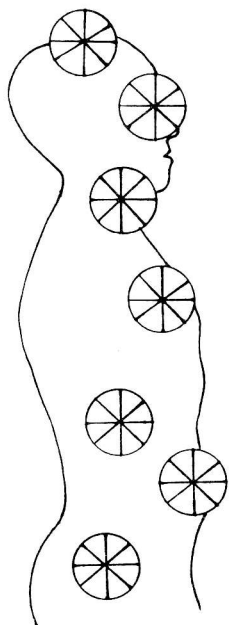

Figure A

THE RAINBOW ENERGY RITUAL TO WIN AT GAMBLING

This Ritual is to be performed once each day for nine days, at approximately the same time of day each time. If a result is not obtained, repeat entire Ritual again for nine days or until your desire is drawn to you, whichever occurs first.

Allow nine to eighteen days for your desire to arrive.

You are now ready to begin.

Lie down in a dark, quiet room.

Close your eyes and concentrate on its interior.

It will be dark, and then the Mystic Rainbow will begin to appear in the upper right-hand corner of the room.

Use your imagination to visualize the rainbow growing brighter as it fills the interior of the room with its sparkling colors. Watch as the rainbow reaches down and surrounds you with its mystic energies.

As you intone the following Invocation, or mentalize if you may be overheard, focus your complete attention on the blue power ray of the rainbow. It will grow brighter until it becomes the dominant color.

Concentrate on this bright, glowing light. See it as clearly as you can and watch as it begins to pulsate with the Creative Force released by the Ritual.

The power words to set the Creative Force in motion are as follows:

"I am a magnet to gambling luck. All the luck I will ever need or desire is now irresistibly drawn to me. I am now a magnet. Gambling luck is now irresistibly drawn to me by the Power of these Words and Invocation. The spirits of gambling luck, and Good Fortune, are with me now. I now have all the luck I will ever need!"

As you finish intoning the Invocation, you must concentrate completely on your desire and how you will receive it in the immediate future. It is important you keep that one desire in your mind until it is drawn to you.

Note: If you do not wish to visualize the Mystic Rainbow, or you have difficulty doing so, draw a picture of the rainbow on a piece of paper and concentrate on the color appropriate to your desire.

How Joe P. Won \$500,000 With the Rainbow Ritual to Win at Gambling

Joe P., of Montreal, Canada, would be the first to admit that he was an average guy who had never seen, read, or heard of any unusual incident you could consider as evidence for the existence of occult forces.

When I first met Joe, he was on vacation in San Francisco, with his new girlfriend Cindy, and considered the subject of occult sciences a big joke and anyone even remotely connected with it a raving lunatic. He came to a free lecture given by an occult discussion group with his girlfriend, and it was Cindy who had talked him into attending the lecture.

"My girlfriend is the only reason I came here tonight and because there isn't anything else better to do," Joe confided to me as he sat down next to me in the meeting room.

He found the lecture interesting but made no effort to apply any occult principles to his life, or use the Rainbow Energy Rituals I had discussed, during the course of the evening. Cindy asked for my unlisted phone number after the meeting. "Just in case Joe and I ever need you help," she said.

Her words proved prophetic.

A few weeks later, Joe phoned me from Montreal because of an unusual dream the night before. "It was Cindy's idea that I call you," he said. "The dream probably isn't important, anyway."

I asked him to tell me about it.

"In the dream I'm looking at a lottery ticket," he began, "trying to decipher the numbers, they were all jumbled together. And the ticket looked like it was covered by a mist. Next, I saw fiery colors swirling above the ticket, until I thought it was going to catch fire. Then from out of the coloured lights came a multitude of dollar signs. It was real crazy"

"Anything else, Joe?," I asked.

"Yes. A voice kept repeating, 'Nine ways to win', over and over."

The meaning of the dream was quite obvious to me.

I asked Joe if Cindy still had the Rainbow Energy Ritual to Win at Gambling, which I had written down for her during the lecture.

"Yes," he replied. "She still has it in her purse."

I told Joe to perform the Ritual with Cindy, once each day, for the nine days leading up to the drawing of the Lottery. He was to also buy a lottery ticket each day.

Ten days later, my phone rang. It was Joe. "I won!," he shouted. "I still don't believe it, but I won. Half a million dollars! Cindy and I are going to be married next month, and you're invited to the wedding. How can we ever thank you enough."

Joe and Cindy are now enjoying their new found wealth. They have all the luxuries that money can buy, and live atop an exclusive condominium in Florida.

The Rainbow Energy Ritual to Win at Gambling worked for Joe, and it will work for you.

THE RAINBOW ENERGY RITUAL TO FIND LOVE

The Rainbow Energy Ritual is to be performed once each day for nine days, at approximately the same time of day each time. If a result is not obtained, repeat entire Ritual again for nine days or until your desire is drawn to you, whichever occurs first.

Allow nine to eighteen days for your desire to arrive.

You are now ready to begin.

Lie down in a dark, quiet room.

Close your eyes and concentrate on its interior.

It will be dark, and then the Mystic Rainbow will begin to appear in the upper right-hand corner of the room.

Use your imagination to visualize the rainbow growing brighter as it fills the interior of the room with its sparkling colors. Watch as the rainbow reaches down and surrounds you with its mystic energies.

As you intone the following Invocation, or mentalize if you may be overheard, focus your complete attention on the green power ray at it glows on the rainbow. It will grow brighter, becoming the dominant color.

Concentrate on this bright, glowing light. See it as clearly as you can and watch as it begins to pulsate with the Creative Force released by the Ritual. Now say the following:

"I am a magnet to romantic love. All the love I will ever need or desire is now irresistibly drawn to me. I am now a magnet. Romantic love is now irresistibly drawn to me by the Power of these

Words and Invocation. The Spirits of Venus and Love are with me now. I now have all the love I will ever need!"

If you have a specific person in mind, hold his/her image in your mind as you speak the words of the Invocation.

As you finish intoning the Invocation, you must concentrate completely on your desire and how you will receive it in the immediate future. It is important you let no other thoughts enter your mind. You are now focusing the powers of the Mystic Rainbow to bring your desire into reality. It is important you keep that one desire in your mind until it is drawn to you.

Note: If you do not wish to visualize the Mystic Rainbow, or you have difficulty doing so, draw a picture of the rainbow on a piece of paper and concentrate on the color appropriate to your desire.

How Kate A. Found Love After Using The Rainbow Ritual to Find Love

Kate A., a 38-year old spinster from San Diego, was unhappy with her life when I first met her.

"The only reason I came to see you today is because I'm at my wit's end," she confessed to me as she walked into my apartment. "I like to think I have an open mind, but I never thought I would ever be coming to a mystic for help."

Kate's problem was loneliness. She felt she would never meet the right man to love and respect her.

"Sit down and listen", I said. "You will soon have true love from a man who will treat you well."

I don't think she believed me.

I explained to her how simple it was to influence events with the mind energies of U.T. Power, but it was only during my explanation of the Rainbow Energy Rituals did Kate show any genuine interest in what I was saying.

"Will this ritual help me?," she asked.

I assured her it would.

"Do you have a possible partner in mind?," I asked.

She described a handsome young man who worked in her factory.

"He possesses all the qualities I've ever desired in a man," she

sadly related, "but you would think I didn't exist. He's totally indifferent to me. And all the other girls are crazy about him. I don't stand a chance."

I told her to go home and perform the Rainbow Energy Ritual for Love each night, for nine days, then come back and tell me what happened.

Nine days later, Kate waltzed into my living room as if she was floating on air.

"My life's improved so much over the last week," she said. "I want to tell you how happy I am and grateful, too."

I had her tell me what had happened.

"The very next day after performing the Ritual, he winked at me," she enthused. "Next morning he asked me to join him for lunch. I agreed, and would you believe that previously aloof guy was squeezing my hand during lunch."

But the best was yet to come.

On the the third day, he invited Kate out for a night of dancing at the Fireman's Ball. "Everything was perfect," said Kate. "And when it came time for use to leave he took me home for a night of love. His love is almost frightening."

Kate's romantic wishes had at last been granted through the Rainbow Energy Ritual for Love.

What worked for Kate will work for you, too.

Concentrate on this bright, glowing light. See it as clearly as you can and watch at it begins to pulsate with the Creative Force released by the Ritual.

The power words to set the Creative Force in motion are as follows:

"I am a magnet to money. All the money I will ever need is now drawn to me. I am a magnet to large sums of money. Money is flowing to me now! The spirits of money are with me now. I have all the money and success I need, now!"

This Ritual will have greater effect if you have a specific monetary figure in mind.

As you finish intoning the Invocation, you must concentrate completely on your desire and how you will receive it in the immediate future. It is important you let no other thoughts enter your mind. You are now focusing the powers of the Mystic Rainbow to bring your desire into reality.

How Anne F. Received an Unexpected Inheritance After Using the Rainbow to Obtain Wealth

Anne F., a close friend of mine, was flat broke and needed money to pay her back taxes. Her life was in a great state of uncertainty, and it often seemed impossible that she could keep pace with the rising cost of living. A widow, life had been a struggle to make ends meet since the tragic death of her husband in a car accident. And there was no new husband in sight.

She was close to tears when she came to me recently for help.

"I'm afraid the city will sell my home for the taxes," she said, "and I will be homeless. The house is the only thing of real value I have, and I have only six weeks to pay the taxes or lose it."

She began to cry. "Oh, Damien," she sobbed, "what can I do to save my home?"

"Do you trust me, Anne?," I asked.

"Yes. Of course, I do," she answered.

"Then dry your eyes and listen," I said. "You will soon have all the money you need from an unexpected source. The Rainbow Energy Ritual has the power to help you. I know it has the power to work a miracle of joy for you."

We performed the Rainbow Energy Ritual to Obtain Wealth, together. Anne looked more peaceful and relaxed, but she was still very worried about her financial situation. I told her to go home and perform the Ritual each day until the money arrived, or for nine days, whichever occurred first.

Within three days, Anne's money problems had been solved. She received a letter in the mail from a well-known Los Angeles law firm. A little bit nervous as to what the letter might contain, she tore it open. The letter concerned the will of a maiden aunt she hadn't seen in years. Anne was to receive \$5,000,000 as her share of the estate. The money to pay the taxes had arrived.

Anne's problems were solved with the Rainbow Energy Ritual to Obtain Wealth. What personal miracles of joy will it work for you?

How Jim C. Was Raised to the Pinnacle of Success After Using the Rainbow Ritual to Bring Success

Jim C. was 45 when I first met him. His one passion in life was writing. He had written hundreds of articles without seeing even one of his creative efforts published. He came to expect rejection from prospective publishers. Though editors did take the time to assure him his articles were extremely well-written, they were not novel or different enough to be considered for publication. It looked like his passion was going to turn into the deepest despair. But that was before Jim C. put the power of the Mystic Rainbow to work.

Jim was also an occultist and had a special interest in Rainbow Rituals but had not felt the need to try them for any phase of his life until now. He decided that now was an opportune time to try the Rainbow Energy Ritual to Bring Success. "Maybe I can use this Ritual to influence the editors to accept my articles," he mused, "to help me attain the success I desire."

Jim chose the mind of a professional magazine editor to work on, and performed the Ritual. He was pleasantly surprised when the

thought came to his mind that he would soon hear from the editor. He was astonished when, on the ninth day the Ritual, he received a personal invitation from the editor to write a series of articles on such diverse topics as the biographies of movie stars to muscle building.

Jim still had his doubts, though. He thought that perhaps it had been a coincidence. "There is no such thing as coincidence, Jim," I told him. "But if you really want to test the power of the Ritual, concentrate the energy on realizing success as an author of books." Jim doubted he could develop the discipline necessary to write a book, but decided to give it a try.

He was instantly inspired to write a unique psychic-occult book about his experiences and immediately sold the idea to a publishing firm which specialized in such works. Jim began writing the manuscript in February, all the while using the Ritual to help him in his endeavors, and had it completed and mailed to the publisher by the end of April. In June, Jim received a letter from the publishing firm asking if he was prepared to write a series of books. The Ritual had paid big dividends for Jim.

THE RAINBOW ENERGY RITUAL TO BRING GOOD HEALTH

The Rainbow Energy Ritual is to be performed once each day for nine days, at approximately the same time of day each time.

Before beginning the Ritual, fill a glass with water and place it on a table beside you.

You are now ready to begin.

Sit down in a dark, quiet room

Close your eyes and concentrate on its interior.

It will be dark, and then the Mystic Rainbow will begin to appear in the upper right-hand corner of the room.

Concentrate on this bright, glowing light. See it as clearly as you can and watch as it begins to pulsate with the Creative Force released by the Ritual. Now say:

"I summon you, O Spirits of the Golden Ray, I summon you to me this day, this hour. I summon you, O Spirits of Healing, come forth and make my life complete. Bathe me in your healing rays – and make me youthful and free from pain. Good health is mine!"

Lift the glass of water with your right hand and drink some of the water.

As you finish intoning the Invocation you must concentrate completely on your desire and how you will receive it in the immediate future. It is important you let no other thoughts enter your mind. You are now focusing the powers of the Mystic Rainbow to bring your desire into reality. It is important you keep the one desire in your mind until it is drawn to you.

How Mary M. Regained Her Lost Youth

Mary M., and ex-fashion model, used to be proud of her seductive figure and ravishing good looks. She had indulged herself totally in the pursuit of pleasure and the sexual delights of life, but her hectic life had inevitably taken its toll.

At 55 years of age, her mind had become clouded and she had lost many of the desires and urges around which her life had revolved. Her face was wrinkled and drawn, her dark hair was filled with gray, and she had a low energy level, with no interest for anything. Her social life had long ago vanished into the past. She had become more nervous and tense each day.

She came to see me for help.

"I need something to help lift my spirits and improve my looks," she said, "to look and feel younger. To help me regain the desires I've lost along the way."

"By using the Rainbow Energy Ritual to Bring Good Health," I

said, "you can, and will, reverse the aging process and regain your lost youth. And I also sense that you will attract a young, and virile, lover to satisfy all your needs and desires."

Her eyes grew bright with anticipation.

I told Mary to go home and perform the Ritual each night, for eighteen days, at approximately the same time, and then come back and tell me what had happened.

Exactly nineteen days later there was a knock at my door. I was truly amazed when I saw the beautiful, desirable young woman who stood in front of me. Mary walked in as if she was strolling on air.

"It's a miracle," she said, "and I can't believe it. I'm a totally new person. And I also have a new boyfriend, a young one, just like you said. It's amazing!"

I had her tell me what happened.

The first time she carried out the Ritual, she had felt a tremendous surge of energy rush through her. She experienced and increased clarity of thought, and her skin tingled with the U.T. healing ray.

In the following days, the wrinkles on her face had diminished, and by the eighteenth day they had vanished. Her hair had grown dark, too.

Mary had been revitalized.

"My life is perfect," she grinned. "I just can't believe that person in the mirror is really me!"

A miracle? Not really. Just an average example of how the Ritual can bring your desires to pass, quickly and easily.

THE RAINBOW ENERGY RITUAL FOR PROTECTION FROM EVIL

The Rainbow Ritual is to be performed once each day for nine days, at approximately the same time of day each time. If a result is not obtained, repeat entire Ritual again for nine days, or until the desire is drawn to you, whichever occurs first.

Concentrate on this bright, glowing light. See it as clearly as you can and watch as it begins to pulsate with the Creative Force released by the Ritual.

The power words to set the Creative Force in motion are as follows:

"I am a magnet to protection. All the protection I will ever need now surrounds me, like a shield against the dark arrows of night and the evil of my enemies. I am a magnet to the protective mind of the Invisible World. I now direct the Invisible Forces of the Protective Light to come forth and surround me. I am protected."

As you finish intoning the Invocation, you must concentrate completely on your desire and how you will receive it in the immediate future.

HOW KEN B. WAS FREED FROM A CURSE

Ken B., a government employee from Washington, DC, wrote to me recently for help. His letter to me was filled with the many problems with his life and career.

"Nothing seems to work out the way I want it to," he wrote. "The office supervisor is not satisfied with my work and is threatening a disciplinary action against me. Old friends avoid me like the plague, and I have sudden pains in parts of my body that never hurt me before. And everything is now going wrong in my personal life, too. My girlfriend and I argue daily, and she has threatened to leave me for another man. I think someone has placed a curse on me. What can I do?"

As I held Ken's letter, I tuned in to the mystic wavelength between the two of us and instantly sensed he was right in his belief about a curse on him. I saw a young girl in his office who had knowledge of the Black Arts using a Spell against him to ruin his life.

I wrote to him, enclosing the Rainbow Energy Ritual for Protection From Evil and instructions on how to use it for immediate benefit in his life. I told him to perform the Ritual each night after work, at approximately the same time each night, for the best results.

Ten days later, Ken wrote to me again.

"I did as you instructed," he wrote, "using the Ritual for Protection each night before I went to bed. And immediately I felt freed from that evil force sent against me.

"All the pressures in my personal life are gone, too. My friends talk to me again, and my girlfriend has grown a new love for me.

"Those strange pains that I told you about were gone within three days of starting the Ritual, and I've just been offered a promotion at work. I feel like a new person, now that everything is perfect again."

Ken's letter went on to say that the young girl who had sent out the evil force was killed in a car accident one week later. The evil forces had boomeranged back to the sorceress and the girl actually killed herself with her own Black Magic Spell.

PROTECTING YOURSELF WITH RAINBOW ENERGY

Are you happy with your life? Or do you find that no matter what you do nothing seems to work? Your career has come to a full stop. You have sleepless nights. You are stricken with a strange illness that lingers. Old friends seem to be avoiding you for no reason.

You may be the victim of a Black Magic Spell, like Ken B., from your known or unknown enemies. In such a case, there is only one thing to do – protect yourself with the ancient powers of Rainbow Energy that will protect you 24 hours a day until the Spell's influence is no longer a threat to your safety and peace of mind.

Rainbow Energy acts as a solid barrier against the forces of night.

THE RAINBOW ENERGY RITUAL FOR A COMPLETE CHANGE OF LUCK

"I summon you, O Spirits of the Green Light, I summon you to me this night, this moment. I summon you, O Spirits of Good Fortune, I call you now. Rain down your blessings upon me, and make everything that I touch turn to gold. Good fortune is now mine, mine forever. Every wish is granted. Good fortune is now mine. Good fortune is mine!"

As you finish intoning the Invocation, you must concentrate completely on your desire and how you will receive it in the immediate future. It is important you let no other thoughts enter your mind.

HOW TONY S. OBTAINED HIS EVERY DESIRE BY USING THE RAINBOW RITUAL FOR A COMPLETE CHANGE OF LUCK

A man from London, England, wrote to me recently to learn where his life had gone wrong. His letter to me was filled with the many problems with his life.

"My name is Tony S.," he wrote. "I am an assistant in a large department store. I am not being paid well for my work. I am unable to obtain the many luxuries I desire, which would bring me happiness. I need a holiday, in the sun, but can't afford it.

"My love life is non-existent, and last week my flat was burgled and the video stolen. I'm miserable and frustrated. If things don't improve soon, I am going to go insane. Please help me!"

Nine days of performing the Rainbow Energy Ritual for a Complete Change of Luck daily worked wonders. By airmail, I sent Tony a copy of the Ritual and instructions on how to put its power to work for immediate results. I told him to perform the Ritual at approximately the same time each day, to get maximum benefit.

"I cannot believe my luck," his next letter to me began. "The Ritual you sent worked like a house on fire."

"The day after performing the Ritual, I received a check for £500.00 from a sympathetic neighbor who had just been told about the theft of my video.

"The next morning," Tony wrote, "the personnel officer at my place of work called me into his private office for a talk. He explained to me an error had occurred in my weekly tax deductions."

The personnel officer asked Tony if he would like an immediate refund or did he want a temporary increase in pay for the next three months?

"Never look a gift horse in the mouth," wrote Tony. "I took the cash, and smiled all the way to the bank."

His week of good fortune continued, culminating in his bank manager agreeing to a personal loan of £1500.00.

The remaining two days of the Ritual brought more money and good luck. Tony received a check for £1000.00 from a distant cousin he last saw over 25 years ago. The extent of their correspondence had been yearly Xmas and Birthday Cards. Success followed success, and when I last heard from Tony he had used the Ritual a second time to win a luxury holiday in beautiful Greece. He was accompanied on the holiday by a former girlfriend, who had suddenly turned up on his doorstep. She had felt compelled to renew their relationship.

Amazing? Tony certainly thought so, yet I know it was the magic powers he had stirred into dynamic action with the Rainbow Energy Ritual for a Complete Change of Luck.

THE EVERLASTING LOVE SPELL

Chapter 3 is a continuation of Chapter 2, and after performing the Rainbow Energy Ritual to Find Love you now hold the desire for love in your mind.

Begin by opening your eyes and relaxing.

Concentrate on the tiny central circle of the star.

The tiny circle is actually a focal point to concentrate the rainbow love energies on.

Do not let the effects you will experience distract your mind from the mental process.

Keep your attention fixed on the tiny central circle of the Mystic Power Star.

Now imagine a tiny point of glowing green light, like a tiny star, in the central white spot.

It is at this moment that you must touch the Mystic Star, at the central point, and reaffirm the desire held in your mind.

Intone, or mentalize if you may be overheard:

"I am now a magnet to satisfied desire. The Mystic Power Star will now draw the one I love swiftly to my side – fulfilling my every need and my every desire for love and romance. I am now attractive and desirable to the opposite sex, they swarm to me as bees to honey."

If you are right handed, use your right hand to touch the power star. If you are left handed, use your left hand to touch the power star. Once all stages of the Rainbow Energy process have been completed automatic attainment of your desire is assured.

HOW TOM T. WAS REUNITED WITH HIS GIRLFRIEND AFTER USING THE EVERLASTING LOVE SPELL

Tom T., an office clerk from Syney, Australia, was very unhappy with his life when he first wrote to me from help. His letter to me was filled with an all too familiar problem: Love gone bad.

"My name is Tom T.," he wrote. "My girlfriend of six months has broke up with me and moved to Melbourne. I feel like I'm going mad without her in my life. I've tried to forget her by interesting myself in hobbies. I have read books and taken long walks, but nothing eases the pain. I just can't get her out of my mind.

"I know that if I can just get to talk to her, we could patch up our differences. I'm getting desperate, and my health is suffering. Please, Mr Knight, you must help me before I do something foolish."

Nine days of performing the Everlasting Love Spell changed all that. By airmail, I sent Tom a copy of the Mystic Star and the Spell, telling him on how to put its power to work for immediate results.

Tom immediately began using the Spell, and on the morning of the next day his phone rang. "It was her!," he wrote. "She'd been having romantic dreams about me, the night before, which left her feeling guilty at what she had done. 'It was as if a strange force was urging me to come back,' she told me. She literally begged me to forgive her - which I did!"

Tom had realized his dream of romantic happiness through the magical powers of Rainbow Energy: The Mystic Power Star and the new Everlasting Love Spell.

THE EVERLASTING LUCK SPELL

Begin by opening your eyes and relaxing.

Concentrate on the tiny central circle of the star.

The tiny circle is actually a focal point to concentrate the rainbow luck energies on.

Do not let the effects you will experience distract your mind from the mental process.

Now imagine a tiny pinpoint of glowing green light, like a tiny star, in the central white spot.

It is at this moment that you must touch the Mystic Star, at the central point, and reaffirm the desire held in your mind.

Intone, or mentalize if you may be overheard:

"I am now a magnet to satisfied desire. The Mystic Power Star will now energize me with luck vibrations of the Cosmos. The Universal Mind will now respond to my desires for good luck, happiness and success. I will now realize all my wishes, all my dreams and all my desires with the mystic luck vibrations flowing through me."

If you are right handed, use your right hand to touch the power star. If you are left handed, use your left hand to touch the power star.

HOW WENDY B. SAW HER DREAMS COME TRUE AFTER USING THE EVERLASTING LUCK SPELL

Wendy B. is a firm believer in the power of the Mystic Star. For many years, she had dreamed of a better life for herself. High on her list of dreams was a new car to replace the "rust bucket" she drove to work each day, plus her own Prince Charming to sweep her off her feet. A promotion and the money it would bring, was also high on her list.

But her dreams of happiness would be shattered by the harsh light of the real world, and Wendy B. found herself on the verge of an emotional crisis. No matter how hard she tried or what she did, she just couldn't seem to get a lucky break to make her dreams a living reality. So when a mutual friend suggested she use the

power of the Mystic Star, and the Everlasting Luck Spell, to make her dreams come true, she jumped at the chance.

It was the most important step she had taken in her life.

"I have always been a firm believer in occult powers," Wendy told me recently, "but I must admit that I was skeptical about the Mystic Star. However, a number of amazing things happened after I touched the Mystic Star which convinced me beyond all doubt."

Wendy said here good fortune started when she won a brand new, luxury car in a sweepstake held by a local charity. "The car has power steering, power windows, power brakes, automatic speed control, and all the gas I need for a year," she enthused.

But her luck did not stop there.

The next day, Wendy was invited to a party given by an old friend from her college days. It was planned as a reunion of sorts. "I must admit that I really didn't want to go," she said, "but something was urging me to go. As I arrived at the party, I kept thinking 'this is crazy. Why am I here? I don't even like parties'." Within minutes of arriving, she had her answer. Wendy was introduced to her own Prince Charming. He was a handsome young bachelor who had only just arrived in town. "It was love at first sight," Wendy beamed. "We are perfect for each other."

The following Monday morning, she was summoned to her boss's office for a private talk. "I have been watching your work closely," her boss said. "And I think it was time you were rewarded for your good work. I feel you are the right person for the position of Supervisor. It means a lot more responsibility and, of course, and increase in pay."

THE EVERLASTING WEALTH SPELL

This Rainbow Energy Process will make absolutely certain your work is totally successful.

Chapter 3 is a continuation of Chapter 2, and after performing the Rainbow Energy Ritual to Obtain Wealth you now hold the desire to see riches appear in your life firmly in your mind.

Begin by opening your eyes and relaxing.

Concentrate on the tiny central circle of the star.

The tiny circle is actually a focal point to concentrate the rainbow money energies on.

Do not let the effects you will experience distract your mind from the mental process.

Keep your attention fixed on the tiny central circle of the Mystic Power Star.

Now imagine a tiny point of glowing golden light, like a tiny star, in the central white spot.

It is at this moment that you must touch the Mystic Star, at the central point, and reaffirm the desire held in your mind.

Intone, or mentalize if you may be overheard:

"I am now a magnet to satisfied desire. The Mystic Power Star will now draw riches to me from out of nowhere, instantly! I now shape the future such that wealth shall flow to me in an endless stream. I now direct the Invisible Ones to make this happen by the Power of these Words and Invocation! Wealth is now mine to command. Money shall flow to me now – enough and to spare, for all my needs and desires."

Once all stages of this Rainbow Energy process have been completed, automatic attainment of your desires is assured.

HOW JOHN L. FOUND \$20,000 IN THE STREET

I remember the day that John L., an acquaintance of mine a few years ago, discovered that it was possible to use the U.T. Secret of the Mystic Power Star to draw riches from out of nowhere. This true case history happened in 1987, I could cite more recent cases to illustrate the effectiveness of the Everlasting Wealth Spell to work miracles, but this case history has remained one of the best.

When I first met John at his church's yearly bazaar, he did not even believe in mystic power force and considered the idea of psychic-occult energies a joke. He came to the bazaar every year with his sister, Sue, and it was his sister who convinced him he should listen to what I was saying about the Mystic Star and the Everlasting Wealth Spell.

John did not believe it was possible for he and his sister to become rich. "There is no money due to us from any source," he said. "We don't have any rich relatives who could leave us an unexpected inheritance in the near future. And neither of us possess any artistic or creative talent which we could use to make money. I can't see how that Spell could be of any help to us."

His sister had more hope. "We have been very poor for many years," she said, "and living on Social Security money for the past couple of years. We have not been able to buy any new clothes for ourselves and the shabby clothes we do wear come from the local charities. Will the Spell help us?"

I assured her it would, and that John should be the one to perform the Everlasting Wealth Spell as this would convince him that mythical power is a force and does exist. John was skeptical, but agreed to do it for his sister's sake. He had nothing to lose.

Less than one week later, John found an old suitcase containing over \$20,000. He found it dumped in a vacant lot down the street from where he lived, picked it up, and went home with it.

John had worked his miracle. I had proven to him what could be made happen with the power of the Mystic Star and the new Everlasting Wealth Spell. You, too, can use this power force to draw riches to you from an unexpected source. Do it now.

THE EVERLASTING HEALTH SPELL

Chapter 3 is a continuation of Chapter 2, and after performing the Rainbow Energy Ritual to Bring Good Health you now hold the desire to be healed in your mind.

Concentrate on the tiny central circle of the star.

The tiny circle is actually a focal point to concentrate the rainbow healing energies on.

Do not let the effects you will experience distract your mind from the mental process.

Keep your attention fixed on the tiny central circle of the Mystic Power Star.

Now imagine a tiny point of glowing golden light, like a tiny star, in the central white spot.

It is at this moment that you must touch the Mystic Star, at the central point, and reaffirm the desire held in your mind.

Intone, or mentalize if you may be overheard:

"I am now a magnet to satisfied desire. The Mystic Power Star will now fill me with the Cosmic Fluid of everlasting health and wellbeing. I now bathe in the healing energies of occult power force, flowing through me as I go forth. Instantly, my

body and soul is filled with the Life Force to bring healing of all pain, disease, sickness, and discomfort. I now become one with the Life Force, body and soul. By the Power and the Glory of these Words and Invocation, I now direct the Unseen Forces to bring me everlasting health."

Now is the moment to heal any part of your body that is sick. If you desire greater mental clarity, direct your awareness within. If it is a physical illness in need of attention, think about the illness, and how you will feel after it has left your body. You are focusing the healing energies of Rainbow Energy to bring relief from physical, and emotional discomfort.

Note: You may experience a physical sensation of tingling or warmth as the Mystic Star transfers its energies to you. This is an indication of definite success and it nothing to worry about.

HOW ROBYN N. WAS HEALED OF HER MIGRAINE

Robyn N. had suffered migraine headaches for three years. She could not find relief from analgesics she had tried. She was a depressed young woman when she came to see me for some help.

"I get a migraine regularly every Friday," she said. "Without warning a message gets scrambled by my brain and I get a throbbing headache that can last for three days straight. It feels like the right side of my face just went three rounds with the heavyweight champion of the world. My energy is low because I don't get more than a few hours of sleep a night, due to the pain in my head. Can you help me?"

I told her to use the Mystic Power Star and the Everlasting Health Spell whenever she felt an approaching migraine. I assured her it would prevent a repeat of the ordeal she had endured for so long. The process would release the inner tensions that were causing the headaches, raise her energy level, and grant her a good night's sleep.

Robyn followed my instructions and her headaches disappeared within nine days. She had touched the Mystic Star to release Rainbow Healing Energy and the Cosmic Fluid into her life. This case history happened in 1988, and the headaches did not return.

THE EVERLASTING SUCCESS SPELL

Chapter 3 is a continuation of Chapter 2 and after performing the new Rainbow Energy Ritual to Bring Success, you now hold the desire for good fortune firmly in your mind.

Begin by opening your eyes and relaxing.

Concentrate on the tiny central circle of the star.

The tiny circle is actually a focal point to concentrate the rainbow success energies on.

Keep your attention fixed on the tiny central circle of the Mystic Power Star.

Now imagine a tiny point of glowing golden light in the central white spot.

It is at this moment that you must touch the Mystic Star, at the central point, and reaffirm the desire held in your mind.

Intone, or mentalize if you may be overheard:

"I am now a magnet to satisfied desire. The Mystic Power Star will now draw success to me from the depth of the infinite. I now transform my inner desires into outer realities – with the motivating power of psychic-occult force, bringing every desire to pass."

Note: You may experience a physical sensation of tingling or warmth as the Mystic Star transfers its energies to you. This is a definite sign of success and is nothing to worry about.

HOW MATT M. WAS ELECTED MAYOR OF HIS TOWN

Matt M. had been trying to become the mayor of a small town in the southern States for many years without success, when I met him during one of my regular visits to that country.

There were only a handful of people present at the campaign rally in the Town Hall to listen to Matt's election program. It was obvious that he was sincere in his desire to help the community and had many new and excellent ideas for improving the town. But it appeared from all of the local polls, and the low turn out at the rally, that Matt had no chance at all of winning the election.

After the meeting, I introduced myself and invited Matt to coffee

at a small cafe in the town. We got to talking and he became fascinated by my words about Rainbow Energy and the Mystic Power Star.

"It sounds interesting," he said, "but I'd be laughed out of town or burnt at the stake, if people saw me doing spooky stuff like that."

"You don't understand, Matt," I said. "I don't expect you to disrobe in the middle of the town square and start yelling out the words of the Spell at the top of your voice. It's something you do in the privacy of your own home, at a time convenient to you."

Before we left the cafe, I quickly drew a picture of the Mystic Star on a paper napkin and gave Matt a copy of the Everlasting Success Spell and told him how to apply it.

I had to return home before the nominated polling day, so I wasn't there to see Matt elected mayor in a landslide victory, but I certainly heard about it. He had beaten a local businessman who had never lost an election in over 20 years.

A few weeks later, I received a hastily written letter from Matt. "It worked! Thanks!," was all it said.

Note: All identifiable references pertaining to this case history have been changed by request.

THE EVERLASTING PROTECTION SPELL

Chapter 3 is a continuation of Chapter 2 and after performing the new Rainbow Energy Ritual for Protection for Evil, you now hold your desire for protection firmly in mind.

Begin by opening your eyes and relaxing.

Concentrate on the tiny central circle of the star.

The tiny circle is actually a focal point to concentrate the rainbow protection energies on.

Keep your attention fixed on the tiny central circle of the Mystic Power Star.

Now imagine a tiny point of glowing white light, in the central spot.

It is at this moment that you must reaffirm the desire held in your mind, and touch the Mystic Star at the central point.

Intone, or mentalize if you may be overheard:

"I am now a magnet to satisfied desire. The Mystic Power Star will now draw infinite protec-

tion to me. All harm directed at me shall now be neutralized by the Power of these Words and Invocation. My enemies shall be confused and scattered to the four corners at my command. All forms of evil force shall be cast out from around me and returned to the source. The minds of those who seek to malign me shall be filled with dread at my coming. From this moment, the power of infinite protection is mine to command. I now direct the Invisible Forces to render all evil powerless to do me harm."

You have now, in effect, created a powerful Invisible Guardian Spirit to watch over you for life. This Guardian Spirit will protect you – from this moment forth – against all evil influences including magical curses and hexes. It will guard you day and night, and make it impossible for an enemy to attack you using occult methods. This benevolent psychic-occult force will also warn you of approaching danger.

Quickly and automatically, whatever you desire becomes reality. In this fabulous chapter, I will show you how you can tap into the awesome powers and creative energies of U.T. White Magic – used by the Ancient Mystical Ones to command the Invisible Forces of the Cosmos! The results of these spells, rituals and incantations will amaze you! But the really good news is that you don't need oils, herbs, incenses, candles, or usual elaborate paraphernalia associated with Magic. I have spent my adult life analysing the beliefs and systems of the various magic systems, I have studied and applied the various formulae, and I have realized that occult paraphernalia is not really needed!

In the first part of this chapter, you are going to learn how to use the motivating power of White Magic to transform ordinary objects, that can be found in any home, into powerful occult tools. Step-by-step, you will see how you can use these tangible expressions of magical force to magnetize riches, create future events, bring excitement, control minds and much more.

Here are just a few of the amazing things you are about to discover:

- * The White Magic Spell That Brings Money. How Bob C. received back every last dollar he spent.
- * The secret of Money Magnetism. How it can draw money to you faster than you can spend it.

These ancient spells and rituals are revealed in full. Their secrets are placed right in your hands, ready to be used.

THE WHITE MAGIC SPELL THAT BRINGS MONEY

This White Magic Spell is designed to transform an ordinary, everyday object into a powerful money magnet. This is the money secret witches of the world use to materialize riches out of thin air.

You can put the power of money magnetism to work in your life in many different ways. How would you like to spend \$50 on Friday – and find the exact same money back in your hands the very next Monday? Or perhaps you could use a sustained increase in spending money, to meet your needs? Or pay an unexpected bill, and find the money back in your bank account for you almost overnight? These are just a few of the special ways that this White Magic Money Spell can bring money faster than you can spend it.

You are now ready to begin.

Take an empty glass jar and place it on a small table where you will see it several times each day. If you have a bedside table, it would be ideal for this purpose, but it is by no means mandatory. This table can be thought of as your secret money altar.

All you need do now, is repeat the following money chant three times, aloud:

Money jar of mightiest power,
Fill my life with Money Power
Magic, magic in the glass jar
Money comes from near and far

Do not put any money in the glass jar. Don't even think about doing it. Think only of why you have magnetised the jar with magical energy: The rapid attraction of money. You will be amazed at how fast magnetic psychic power fills your pockets with cash to spend, over and over and over again!

HOW BOB C. RECEIVED BACK EVERY LAST DOLLAR HE SPENT BY USING THE POWER OF WHITE MAGIC

Does this Spell work? Ask Bob C. of Boston. After years of giving money willingly to anyone who asked, he suddenly found himself on the verge of a nervous breakdown. No matter how hard he tried or how long he worked, Bob never had more than a few dollars to his name. He knew about the glass jar method and money magnetism, so he "borrowed" a sugar bowl from the canteen where he worked and performed the White Magic Money Spell as described. He made a practice to think about the sugar bowl several times each day while at work, about how it would draw back all the money he had given to others over the past six months.

Suddenly, the power of money magnetism began to work for him, instead of against him. To his amazement, every last person to whom he had given money paid him back – all in the same week! What Bob did you can do too. Let the secret of the glass jar bring back every last dollar you spend! !

THE U.T. WHITE MAGIC RITUAL THAT GIVES UNLIMITED POWER OVER OTHERS

This White Magic Ritual is designed to transform an ordinary, everyday object into a powerful occult tool with which to broadcast silent demands that must be obeyed.

Whatever you are trying to achieve with psychic-occult force, you know that you can get it much more simply and quickly if you can influence and control others with your thoughts. With this secret occult power you can reverse negative conditions, and become master of all those around you – to get whatever you desire. Great power is about to be placed in your hands. Use this power wisely.

THE U.T. HYPNOGENIC MIND SPHERE

Before beginning the Ritual, take a piece of white cardboard about 6 inches square, and draw upon it the Hypnogenic Mind Sphere (Figure C).

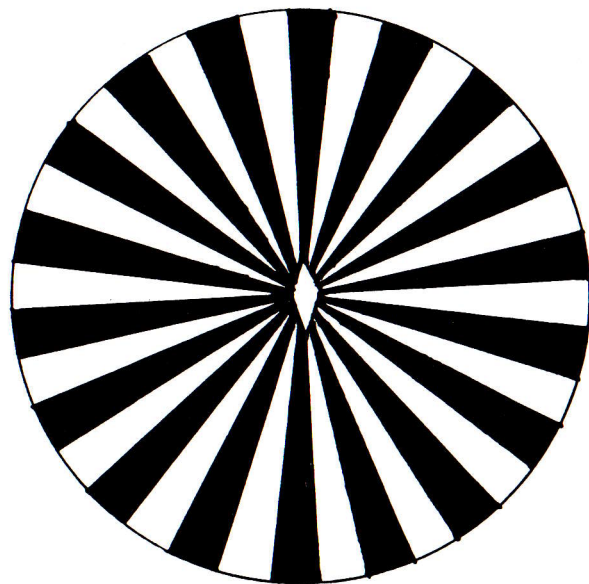

Figure C

You are now ready to begin.

Sit down in a dark, quiet room.

Focus your thoughts on the person whose mind you wish to contact.

Image the person's face to complete the contact.

Open your eyes and, remaining completely calm and relaxed, concentrate your gaze upon the central diamond of the Hypnogenic Mind Sphere.

The tiny diamond is actually a focal point to focus your telepathic mind energies on.

Do not let the effects you will experience distract you from the mind control process.

Keep your attention fixed on the tiny central diamond of the Hypnogenic Mind Sphere.

It is at this moment that you must repeat for approximately five to ten minutes what you want him/her to do. This is done silently – mind to mind. Repeat the same message each day. Keep the message/command brief – no more than a few words.

You will get results within a short period of time.

WHY THE HYPNOGENIC MIND SPHERE MUST WORK FOR YOU

There should be no doubt in your mind that the Hypnogenic Mind Sphere is going to give you unlimited power over others. Why? Because, what has worked for so many other people from all walks of life and backgrounds will work for you, too. This simple, yet highly potent occult tool stirs the telepathic energies of your mind into powerful streams of hypnogenic energy. Once this happens, you will control, influence, and dominate any man or woman you choose to use it on, and make them do what you want.

HOW SHARON M. RECEIVED HER PROPOSAL

Sharon M., of London, England, wanted desperately to be married in the Spring, but her boyfriend was very reluctant to make such a commitment to her. Once she learned how to use the amazing Hypnogenic Mind Sphere power to control others, she conditioned her boyfriend's mind with the romantic thought that he should propose marriage to her. She did this every night. Within three weeks he "popped" the question.

HOW BILL D. GOT THE PAY RAISE HE WANTED

Bill D. needed a pay raise to support his wife and four children. He could barely scrape along on his low salary. He tried the occultic mind control power of the Hypnogenic Mind Sphere on his boss, sending to him the thought that he should give Bill a pay raise. Three days later Bill was called into the boss' office, and was told he would be receiving an unexpected pay raise, effective immediately. It was more than twice the amount Bill had hoped for.

HOW MARIA V. RECEIVED A NEW BEDROOM SUITE

Maria V. wanted a new bedroom suite to replace the one she had gotten as a wedding present more than ten years earlier, but her husband, John, kept stalling her whenever she brought the subject

up in conversation at the weekend. So when I suggested she use the Hypnogenic Mind Sphere, she was more than willing to give it a try. Within four weeks Maria received her new bedroom suite.

THE FUTURE ALREADY EXISTS

Does that statement shock you? Do you find the possibility a little hard to believe? Are you intrigued by the possibilities it offers? For many years the greatest and most astute minds of science and occultism have argued this, the deepest and most profound theory of metaphysical philosophy. Occultism teaches that the future does, already, exist and that each individual man, woman, and child creates the future.

How is this possible?

Actions in the immediate present can, and do, affect the future.

This concept is no longer restricted to the world of occultism and strange metaphysical philosophies. Science now suggests that – by the Laws of Quantum Physics – each time a person has to separate choices to a specific course of action, the entire Universe splits in two and both, totally different, futures take place.

What this means to you is this: Your future can be determined, and altered, by conscious acts of will.

THE U.T. WHITE MAGIC SPELL THAT CREATES THE FUTURE

This White Magic Spell is designed to transform an ordinary, everyday object into a powerful occult tool with which to create future events in accordance with your wishes.

You can put the power of future creation to work in your life in many different ways. How would you like to know, in advance, the stock that's due to rise, and make a killing in the stock market? Or the man or woman destined to be a future lover, and draw that future love into your life? Or perhaps you could use inside information on which horse or numbers to bet on to win a fortune gambling? These are just a few of the techniques that can manipulate time, to draw future events into the here and now.

Before beginning the Spell, take a new penny and lay it on a table in front of you, having first placed a square of white paper on the

table – as near to the center as you can. Place the penny as near to the central point of the paper as you can.

You are now ready to begin.

Sit down in a dark, quiet room.

Close your eyes and relax.

Open your eyes and, remaining completely calm and relaxed, hold your right hand (palm down) approximately seven inches above the penny. Next imagine that a ray of intensely bright, white light is shining down and into the penny from your hand.

After a few minutes, when you feel the time is right, place your two hands down flat on either side of the paper square and speak aloud this magical invocation, with feeling:

Magic penny of greatest power,
Fill my mind with Future Power
The future is mine to command!

Then, before making any decision on which way to go, take the penny and toss it exactly three times. Depending on how many heads and tails come up, here is the outcome of your actions:

Three Heads This action will create a positive event.
Two Heads This action will bring more good than bad.
Two Tails This action will bring more bad than good.
Three Tails This action will create a negative event.

That's all there is to it. It's simple. It's effective. It's accurate. It works every time.

Note: If you do not wish to visualize the white light, or have difficulty doing so, simply clasp the penny in your hand as you intone the magical invocation.

MAKING YOUR MAGIC PENNY WORK FOR YOU

The single most important factor in using your Magic Penny correctly is understanding the answers you receive to questions asked. You must think a question before tossing the coin, then act accordingly.

Let us assume that you wish to ask an attractive member of the opposite sex out on a date, but are unsure as to the outcome. If

you toss two heads just before asking, you know that while the evening will be pleasant – you will be waking up alone.

On the other hand, if you get three heads on the day you're thinking of popping the question, then you should get ready for skyrocketing and shining stars in your eyes.

If your question concerns gambling, and you toss three tails just prior to placing a bet or buying a lottery ticket, then common sense states that you should stop immediately and wait until the future is looking brighter.

HOW KEVIN K. GETS HIS WAY WITH WOMEN

Kevin K. of New York liked to play the field, but he never could seem to make it to first base until he heard about the Magic Penny Spell. Now he uses it to get his way with the ladies of the Big Apple. He selects a number of women at random, in his office and at parties. He then finds a quiet corner. "Will (name) agree to my sexual demands?" he quietly asks, using his personal Magic Penny. He now takes home a different girl every night and has developed the reputation of being a great lover and master of women. Instead of him chasing the girls, the girls are now begging to spend the night with him!

THE WHITE MAGIC RITUAL THAT FILLS YOUR LIFE WITH EXCITEMENT

This White Magic Ritual is designed to transform an ordinary, everyday object into a powerful magic amulet to enhance every aspect of your life. The Ritual is performed once each day for three days, at the same time of day each time. If proper results are not obtained, repeat the same Ritual again for three days, or until your desire for excitement is realized and fills your life with joy.

Allow three to seven days for your desire to arrive.

Before beginning the Ritual take a piece of string about seven inches long and place it on the table, having first positioned a triangle of white paper in the center of the table. The triangle should be pointing towards the east. Place the piece of string as near to the exact center as you can.

You are now ready to begin.

Sit down in a dark, quiet room.

Close your eyes and relax.

Open your eyes and, remaining completely calm and relaxed, place your hands in a cupping fashion, keeping them approximately seven inches away from the string at the center of the Magic Triangle. The Ancient Ones of Ages Past chose the geometrical shape of the triangle to act as a mighty storehouse of powerful psychic-occult energies. Any student of the Magic Arts knows the important role the triangle plays in the art and practice of magical invocation. There is great power in the shape of things. This is a closely guarded occult secret.

You will now use this ancient knowledge to improve every area of your life with the motivating power of White Magic Spells And Rituals.

Imagine within your mind that waves of psychic-occult force rain down from your hands onto the string. After a few minutes, when you feel time is right, repeat these magical words aloud, with feeling:

Powers of Earth and Wind and Fire

Come to me and set my life afire.

This string shall change my life,
Freeing my mind, my soul my life!

Repeat this Ritual on the following two days/nights – three times in all.

Then carry the string (it is now a highly potent occult amulet) about you for the next three days and wait for the excitement you seek to come flooding into your life. As you go about your daily activities, when you are alone and unobserved, slip your hand in your pocket or purse feeling the string with your fingertips. This will reinforce the amulet's powers to bring results within a short period of time.

Note: If you do not wish to image the waves of psychic-occult energy, or have difficulty doing so, simply fix your attention upon the piece of string as you speak the words of magical force.

HOW ANDY T. OVERCAME HIS SHYNESS AND BECAME AN ACTOR BY USING WHITE MAGIC

Andy T. was a shy, young teenager when I first met him last

year. "My life is just plain dull," he said. "I have the same desires and needs as anyone else, but I feel too inadequate to achieve them, and my inability to make the first move is another drawback. A friend practically dragged me here to see you, today. Can you help me?"

I assured him I could and suggested he use the magic string technique to bring excitement into his life. I told him to perform the Ritual each night, at approximately the same time each night, for the best results.

Andy followed my instructions.

Five days later during an afternoon excursion to the local shopping mall, Andy noticed an attractive young woman staring at him. Andy was, not surprisingly, extremely flattered by the attention he was receiving from the stranger.

His admirer approached him.

"Are you an actor?" she asked.

"No, just a teenager."

That chance encounter was the beginning of Andy's acting career.

The young woman who approached Andy was a talent scout for a local casting agency. She was so taken by Andy's boy-next-door looks that she signed him up on the spot to star in a series of commercials that very same month.

This Ritual worked for Andy, and the very same Ritual will work for you.

ANCIENT SPELLS AND RITUALS TO IMPROVE EVERY PHASE OF YOUR LIFE

The secret Spells and Rituals of the ancient Wizards, High Priests, and Magicians of ages past can be used to bring money, love, health, power and success into your life. They are presented here now for your gratification and edification. This is genuine ancient magic and the results you achieve using this power force are going to amaze you. You will find seven magical Spells and Rituals on the following pages. You will be using magical power designed to enhance all spheres of your life.

SPELL TO ATTRACT LOVE

On the third night before a Full Moon, look at the bright disc of the Moon from a window, and intone:

"I summon thee, O Spirits of Luna and Love, by the Power of these words and by the Invisible Forces of the Cosmos to obey my will. I command thee to bring love into my life. Send my true love now to me this hour, this night."

LIFE EVERLASTING SPELL

Here is the famous Spell to gain long life without a great amount of illness and disease. The words to be spoken aloud are:

"Chills and ills, pains and banes,
Do your fasting with life everlasting."

Repeat the Spell every morning immediately on rising.

RITUAL TO KEEP LOVE TRUE

Magic has long been associated with the search for true love. This Ritual, based on the Sortilege of Seven Knots Love Spell from Medieval folklore, is designed to make someone love you and remain true to you, and only you.

The things you need to perform this Love Ritual are a piece of red ribbon in which you will tie a different knot each day for the duration of the Love Ritual, and a photograph of your own true love.

Place the photograph in front of you and allow your thoughts to dwell on the idea of binding him/her to you forever.

Tie the first knot in the middle of the ribbon. Tie the second knot to the right of the first. Tie the third knot to the left of the first. Tie the fourth knot to the right of the second. Tie the fifth knot to the left of the third. Tie the sixth knot to the right of the fourth, and the seventh knot to the left of the fifth.

As you tie each knot say:

"Your love is completely mine and with this knot I will close the Circle in which I enclose you within the Cabalistic Circle which will form the Magic Ribbon I now create. With this ribbon I your heart enclose, with this ribbon I your heart will

hold with love and with this ribbon, your entire physical being will be as one, in body and mind, with mine. With these seven knots of love that I hold in my two hands, we will stand together from this day. We are now one mind, one body, one soul; one everlasting love."

After the seventh knot has been tied, on the seventh day, the ribbon is worn in the manner of a garter upon the left arm, above the elbow, for one week. One of the seventh day, immediately upon rising, the red ribbon is taken to a place safe from the idle curious, and kept there until love arrives.

PROTECTION FROM EVIL SPELL

Write the following magical formula on a piece of plain red paper.

AGWE	AGWE	CA	GAI
GWE	AGWE	CA	GAI

E	AGWE	CA	GAI
	AGWE	CA	GAI
	GWE	CA	GAI
	WE	CA	GAI
	E	CA	GAI
		CA	GAI
		A	GAI
			GAI

It will provide protection from curses, hexes, and evil spirits. Fold the paper and carry it on your person at all times.

HOME PROTECTION SPELL

This Spell has its origins in Medieval Folklore, but it is just as effective now as it was then. Kneel down and say three times, slowly:

"My house has four corners, Four Angels adorn it; Luke, Mark, Matthew and John. Neither witches any, nor charmers any, nor evil men must harm me, understand. In the Name of the Father and of the Son, and of the Holy Ghost."

The Spell is spoken to the four corners of your house/flat, etc.

RITUAL TO COUNTER BLACK MAGIC

This White Magic Ritual is designed to protect you, or another, from the harmful effects of Black Magic Spells and Rituals. It will create a protective barrier around you and your loved ones, against which curses and hexes will be powerless to harm you.

The Ritual is performed on any day of the week.

The only requirement you will need to work this Ritual is one white candle with which to attract positive occult forces.

Make seven evenly spaced notches in the candle.

You are now ready to begin.

Light the candle.

Gaze into the candle flame saying:

"Thou arch-sorcerer, thou hast attacked (victim's name); let that witchcraft recede from him/her into thy marrow and thy bone. Let it be returned to thee. I exorcise thee for the sake of the five wounds of Jesus, of this flesh, marrow and bone; I exorcise and conjure thee, o foul spirit, for the sake of the five wounds of Jesus. At this very hour restore to health and happiness again (victim's name), in the Names of God the Father, God the Son, and of God the Holy Spirit. All evil has gone from this place."

The incantation is repeated a total of three times.

Note: If you do not wish to use a white candle, visualize a ray of bright white light shining down on you from above. Try to feel mystic protection all around you. Freeing you from the effects of any curse. Feel the light shining down on you from above. Try

to feel mystic protection all around you, freeing you from the effects of any curse. Feel the light circulating within you, cleansing your mind, body, and soul of spiritual impurities. Imagine the light dissolving slowly.

NATURE'S AMAZING HERBAL LOVE SPELLS

Probably the most widely held of all occult beliefs is that of certain herbs having magical properties, with the power to influence affairs of a romantic nature. Here is a brief listing of the more popular herbs, along with details of their love spells:

Adam and Eve
Root

When used as a love charm the root will sustain the love between a man and woman for a long time. A very powerful amulet.

Balm

The herb should be soaked in red wine by the light of the Moon, and then strained and used as a love potion.

Cumin

To ensure the fidelity of one's spouse the herb is either eaten or mixed with a drink.

Endive

Powerful as a love potion, the endive is ground to a fine powder and added to the food or drink of the beloved.

Maiden Hair

The herb should be immersed in water on a Friday, after sunset. Having removed it from the water, the herb is worn as a powerful love charm by either sex.

Mandrake To gain the affection of an attractive woman, the female effigy root is sought as a charm. And to win the love of men, the male effigy root is worn by women.

Myrtle A woman can ensure the loyalty of her lover by sprinkling myrtle before him.

If you sincerely desire to win the love of another, then all you have to do is use one of the Herbal Love Spells as described and, if you have faith in the occult, your romantic dreams will come true.

THE POWER OF THE ZODIAC STONES

The Zodiac Planets are five in number plus the Sun and the Moon. To generate the beneficial powers of the Zodiac Planets, the stones must be authentic, but they needn't be expensive. The stones, along with an indication of their magical properties, are as follows:

Sun	-	Diamond	-	Attracts untold riches.
Moon	-	Opal	-	Brings luck and health.
Mars	-	Ruby	-	Increases sexual power.
Mercury	-	Sardonyx	-	Brings honor and fame.
Jupiter	-	Turquoise	-	Attracts gambling luck.
Venus	-	Peridot	-	Increases friendships.
Saturn	-	Onyx	-	Banishes evil forces.

Possession of any of the Zodiac Stones is tantamount to casting an actual Spell. If you cannot obtain the actual gemstone, then select a stone of similar color.

THE MYSTIC POWER RITUAL THAT WILL ENERGIZE YOUR GEMSTONE WITH POSITIVE PSYCHIC OCCULT VIBRATION

This psychic-occult power ritual is designed to give your gemstone a greater force to produce results in accordance with your wishes,

and it will create a personal good luck charm to draw positive occult energies to you. These energies will then radiate out from the gemstone, drawing into your life every last one of your dreams and desires.

Before beginning the Ritual, lay the gemstone on a table, having put a square of white paper on the table first. Position the stone as near to the exact center of the paper as you can.

You are now ready to begin.

Sit down in a dark, quiet room.

Close your eyes and relax.

Hold your right hand, palm down, approximately seven inches above the gemstone. Imagine that a beam of intensely-bright light is flowing down from your hand and into the gemstone.

Imagine this light to be the same color as the gemstone.

When you feel the time is right, repeat this magical Invocation three times, with feeling:

"Stone of Power, whose secrets and energies were known to the wise men of old, I command you in the Name above all other names and by the four elements of Earth, Wind, Fire and Water: That you attract and magnetize the positive vibrations to draw my desires to me, in the immediate future. By the Power of these Words and Invocation I command this to be so!"

Your gemstone has now been purified of all negative psychic vibration it may have attracted, and charged with positive psychic-occult energies to draw your desires to you. Keep it in your pocket or purse and have it with you, always. The gemstone can be attached to a ring, necklace, etc. Energizing your gemstone in this manner gives it a magical potency which it would not normally possess. It becomes a personalized symbol of power and influence for you, and you alone.

Note: If you do not wish to image the bright light, or have difficulty doing so, simply hold the gemstone in your hand as you speak the words of magical force.

HOW WAYNE O. ATTRACTED PHYSICAL LOVE

Wayne O.'s friends and neighbors were shocked a few months ago when they saw him walking around with the

hottest, most sought after, young girl in town.

"How did he do it?" they asked each other. "He's not rich and he is not handsome. Why would a girl like that be interested in him?"

What his friends did not know (and would have surprised them more), was the fact that the young girl in question had asked him for a date, and not the other way round.

Wayne O. got the girl of his dreams by using the powerful energies, and sexually stimulating power of red gemstones. He simply charged his ruby ring with psychic-occult force, sat back, and waited. Within nine days of performing the energizing ritual, the most sought after of the town's girls was attracted to his side.

THE SECRET OF THE SPIRIT WORLD

When the physical body dies, the psychic (or astral) body passes into the Astral World (Spirit World) where it forms its own reality the instant an image appears in its psychic mind. The Astral/Spirit World is a mirror of each individual's spiritual development, it is Heaven or Hell, as the case may be. The psychic energies emitted by the astral body create the astral environment. The guilt-ridden and the truly evil will create their own personal Hell. The spiritually advanced will find Paradise, but only of their own making being, as it is, an expression of materialized thought. This "reality making" is the reason why the reported cases of "next life" experiences are similar in nature, as everyone shares preconceived ideas concerning the next life.

It will (no doubt) come as a surprise to you to learn that as you sit reading this book, the air around you is filled with spirits who are watching your every move, listening to your every word and sense your every thought. Are you disturbed by this revelation? Do not be. Spirits exist only to help us achieve our goals.

Being dual inhabitants of both the astral and material worlds the spirits have direct access to an unlimited source of knowledge which is normally beyond our comprehension.

You have probably received help from these invisible servants on numerous occasions in the past but were unaware of it at the time. Perhaps they were instrumental in your decision to obtain a copy of this book.

More often than not, the so-called voice of intuition is actually a spirit force impressing information upon your consciousness, often in the form of dreams and omens of approaching danger.

HOW TO MAKE YOUR CARDS A POWERFUL TOOL

Buy a brand new deck of playing cards. Take them home and remove the cards from their package. The only cards that you need to keep from the deck are those listed above. The following cards are removed:

The two of clubs, spades, diamonds and hearts.
The three of clubs, spades, diamonds and hearts.
The four of clubs, spades, diamonds and hearts.
The five of clubs, spades, diamonds and hearts.
The six of clubs, spades, diamonds and hearts.
The ten, nine, eight and seven of spades.
The jokers.

Burn these cards in a clean dish and throw the ashes into running water. Your deck now consists of twenty-eight cards.

You will soon learn how to use this special deck to influence the future to bring every last one of your desires into positive reality.

THE RITUAL THAT WILL MAKE YOUR CARDS A POWERFUL MAGICAL FORCE

This secret occult ritual is designed to transform your deck of cards into a powerful occult force with which to influence future events. Your cards will focus psychic-occult energies on your desires, influencing an unknown tomorrow. Shaping the future such, that success shall come in an infinite variety of ways.

Before beginning the Ritual, place the deck of cards on a table (This table might be called your secret gateway to the future). Place the deck as close to the center of the table as possible.

You are now ready to begin.

Sit down in a dark, quiet room.

Close your eyes and relax.

Keeping your eyes closed and, remaining completely calm and relaxed, place your right hand upon the deck of cards. If you are left-handed, I suggest you use your left hand for this stage of the Ritual.

When you feel the time is right, repeat this powerful affirmation of ancient forces three times aloud, with feeling:

"Cards of Wisdom, whose powers and influences were known to the wise women of ages past, I summon and command your obedience in the Name above every other name and by the Four Archangels Raphael, Gabriel, Michael, and Uriel: That you send your mystic influence into future dimensions of Time and Space to create the life I desire to live in accordance with my wishes. By the Power of these Words and Commands it shall come to pass!"

Your cards are now magical and must be treated with respect.

Decide what you desire to have in the immediate future. Then glance through the table of significances searching for a word or phrase that describes your desire, either specifically or generally.

This is the card to use in your Cardonic Influence sessions.

If you wish to attract a blond-haired, blue eyed Adonis or Goddess, the King, Queen or Jack of Diamonds should be used. If you desire gifts of jewellery, then the seven of diamonds is the card to use. A wish to live a life of pleasure and indulgence will be realized with the eight of hearts. The eight of clubs will make certain all your desires for a better life are realized. There is a card for every need and desire.

Then all you need do is decide on a time to spend a few minutes in quiet contemplation of the card appropriate to you desire. Constrain your thoughts upon what it is you desire. Think about it in detail to get the best results. Then let it go. What you desire in thought will come to pass. It's that simple.

6. U.T. Mystic Light Power Rituals, Chants, and Affirmations To Command Miracles Of Health, Wealth, Success

The most straightforward way of implementing the power of the U.T. Mystic Light in your life is simply to lie down in a dark, quiet room. Close your eyes and concentrate on a field of brilliant white light, imagining your whole body to be filled with its pulsating energy. This white light is a mystical energy given substance through your imagination.

The energy field locks onto the most dominant thought in your mind and goes to work in silent and invisible ways to bring it into being. This is the power of Mystic Light at its simplest. There is nothing wrong using a mystic power this way, however much better results can be obtained if one utilizes the secret power of planets, their associated colors, and verbal invocation of Mystic Vibrations to create the future of your choice.

THE SECRET POWER OF PLANETS, COLORS AND VIBRATIONS

The Key of Solomon the King is an ancient grimoire (magical textbook) which allocates the performance of magical rites and ceremonies to specific days of the week, and to the planets ruling them. The six planets, and the Moon, each have a specific day and color and material influence, and are as follows:

The Sun rules Sunday, and its mystic color is gold. Its material area of influence is money, gold, employers, executive abilities, mind power, officials, power and success, life, health.

The Moon rules Monday, and its mystic color is silver. Its material areas of influence are women, the general public, removals, ghosts and spirits, changes, personality, aircraft, water, boats, and magic.

The planet Mars rules Tuesday, and its mystic color is red. Its area of influence is construction, destruction, energy, haste, domination of others, anger, revenge, hatred, transportation, cars, violence, danger, vitality, operations, willpower and sex.

The planet Mercury rules Wednesday, and its mystic color is yellow. Its areas of influence are contracts, business matters, writing, short messages, short journeys, buying, selling, new appliances, rare books, papers, neighbors, electrical and electronic apparatus and appliances.

The planet Jupiter rules Thursday, and its mystic color is blue. Its material areas of influence are gambling, debtors, creditors, clothing, bankers, long journeys, dreams, generosity, comfort, honors, expansion, riches, growth, and plenty.

The planet Venus rules Friday, and its mystic color is emerald. Its material areas of influence are friendships, love, young people, arts, social affairs, pleasure, music, beauty, luxury, extravagance and self indulgence.

The Planet Saturn rules Saturday, and its mystic color is dark blue. Its material areas of influence are real estate, agricultural pursuits, debts and their repayments, old people, relatives, furniture, antiques, wills and deaths.

To help ensure the successful outcome of any Mystic Light Power Ritual it should be commenced on the day ruled by the planet under whose control your desire falls.

CHANGING YOUR CLOTHES TO CHANGE YOUR LIFE

If you desire to add greater power to the chants, spells and rituals of Mystic Light Power, surround yourself with, and wear clothes of, the color associated with the planet whose influence you are seeking to gain in your affairs.

HOW RON N. GOT THE COMPUTER OF HIS DREAMS – FREE WITH COLOR MAGIC

The Color Magic technique worked wonders for Ron N., an office worker. For months he had wanted a personal computer, but couldn't afford the cash on his low salary. Once he learned this technique, he went to the wardrobe and selected yellow-colored clothes, associated with Mercury which governs electronic apparatus. Within five days, a co-worker of his offered him the exact kind of computer he wanted – absolutely free!

DRAWING IN THE POWER

In your imagination your entire body is bathed in bright, white light. Remaining completely calm and relaxed, take a deep breath and imagine the light being drawn in and down to the solar plexus. As you exhale, imagine the light spreading and flowing to all parts

of your body, causing all of your body to glow with Mystic Light.

Repeat again and again until the mental image is crystal clear in your mind. If you experience difficulty in imaging the Light clearly, stand up and walk over to the light-switch, remaining completely calm and relaxed, and turn on the light. Your inner mind will directly relate this with the Ritual and equate it to Mystic Light. Return to the chair, sit back down, and close your eyes.

From this point on the Ritual you will begin to experience a number of sensations associated with the drawing in of Mystic Light Power. These sensations will vary in their intensity in relation to how strong each of your desires are for changing the unpleasant situations of your life. The sensations will also vary slightly from day to day. The sensations which you'll experience most often, and to the greatest intensity, are:

- 1) A tingling in the forehead.
- 2) A prickling of the hands, feet, and limbs.
- 3) A feeling of happiness which lasts long after the Ritual is completed.

You will sometimes experience other sensations, but these will only be apparent if the desire is extremely strong.

All of what you have been doing so far is known as the Mystic Light Power Ritual; and as you finish drawing in the Power, you can begin to banish the negative conditions out of your life forever.

USING MYSTIC LIGHT FOR WISH FULFILLMENT

Perform the whole of the Mystic Light Power Ritual. In your mind you are sitting bathed in white light.

No simply pretend that the light is changing to the planetary color appropriate to your desire. If you experience difficulty in imaging the color, simply think about the color. At the same time, repeat the Magic Word of Power: "OMMM" three times, aloud.

You are now focusing the Mystic Forces of the Cosmos to bring all your desires and dreams with your grasp. Select a convenient time, and place, and perform the Ritual daily until your desires are drawn to you.

Some wishes will be granted immediately, or after a few days or weeks of accumulated effect, but results will come in the direction of success and your desired goal.

Although powerful, and excellent when magical help is needed, Mystic Light is generally less powerful than the Rainbow Energy Ritual. Mystic Light is used for what one might call long term goals.

ATTRACTING MONEY WITH MYSTIC LIGHT

Let us assume that you are experiencing financial difficulties at the present moment, and you desire to receive money to help you through this difficult period.

Studying the correlation of planets and controlling subjects, we find that the Sun is the planetary body governing money, and to attract money to you, the mystic color of Gold must be used.

Perform the entire Mystic Light Power Ritual, imagining that the white light is changing to sparkling gold, while reciting the Mystic Word three times, aloud.

THE HEALING POWER OF LIGHT

When you have achieved a relaxed state of mind, begin to open the First Mystic Healing Center just above your scalp. These centers are, normally, almost totally inactive, but the Mystic Rite which follows will activate these centers fully, filling you with Mystical Healing Energy.

Sit down in a dark, quiet room.

Close your eyes and relax.

You are now ready to begin.

Pretend that a pinpoint of the brightest light you have ever seen is hovering just above your head.

As the light appears, say the First Word of Mystic Power:

"OMMM"

Repeat the Word of Power a total of three times feeling the First Mystic Healing Center begin to open and expand.

Imagine the light is moving slowly down until it reaches your forehead. This is the Second Mystic Healing Center. Your head as far as your eyebrows is now covered by the white light.

Say the Second Mystic Word of Power:

"LUMMM"

Repeat the Word of Power a total of three times, and feel the Second Mystic Healing Center begin to open and expand.

Pretend the light is moving down until it reaches your throat. This is the Third Mystic Healing Centre. Your head and neck glows with the white light.

Say the Third Mystic Word of Power:

"SHEMMM"

Repeat the word a total of three times and feel the Third Mystic Healing Center begin to open and expand.

Imagine the light is moving slowly down until it reaches your chest in line with your heart. This is the Fourth Mystic Healing Center, and the most powerful. Your head, neck, shoulders, and chest are now aglow with light.

Say the Fourth Mystic Word of Power:

"THROMMM"

Repeat the Word of Power a total of three times, and feel the Fourth Mystic Healing Center begin to open and expand.

Pretend the light now moves on down your body to your solar plexus.

Say the Fifth Mystic Word of Power:

"STAMM"

Repeat the Word of Power a total of three times, and feel the Fifth Mystic Healing Center begin to open and expand.

Imagine the light is moving slowly down until it reaches your spleen. This is the Sixth Mystic Healing Center.

Say the Sixth Mystic Word of Power:

"BEMMM"

Repeat the Word of Power a total of three times, and feel the Sixth Mystic Healing Center begin to open and expand.

Pretend the light is now moving down your body to your reproductive region. This is the Seventh Mystic Healing Center.

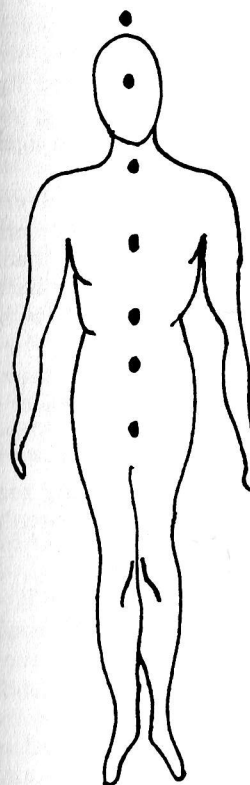

Say the Seventh Mystic Word of Power:

"HOMMM"

Repeat the Word of Power a total of three times, and feel the Seventh Mystic Healing Center begin to open and expand.

End this stage of the healing process by pretending the light thrusts down to your feet. In your imagination your entire body is now bathed in bright, white light.

MYSTIC LIGHT HEALING POWER CAN BRING PERFECT HEALTH

As you sit relaxed and tranquil after completing your Magic Ritual, you are activating the Seven Mystic Healing Centers (Figure D). Each of the seven mystic healing centers has its own therapeutic energy and the right words will stimulate this dynamic energy flow, and once you have learned how to do this you will soon feel your body become stronger, and more dynamic as it responds to Mystic Light Healing Power.

BEGINNING YOUR MYSTIC HEALING TREATMENT

In your imagination your entire body is bathed in bright, white light. Remaining completely calm and relaxed, take a deep breath and imagine the light being drawn down and in to your solar plexus. As you exhale through your mouth, imagine the light spreading and flowing to all your limbs and organs, causing your body to glow with bright, white light. Repeat again, and again, until the mental image is crystal clear in your mind.

You are now overflowing with healing energy from the universal source and you can direct the healing energy to make you stronger, healthier and more dynamic with simple facial massages. Facial Massage Therapy has been practiced for centuries and there are no medicines, vitamins, injections, or other medical devices used in the treatment – only the hands are used.

Before beginning your Facial Massage Therapy, you should repeat, three times aloud, this simple affirmation of your power to heal:

“I believe in my power to heal, always and forever!”

Refer to the face chart (Figure E) and work on the healing zone that your intuition leads you to. Massage in a firm circular motion. Massage daily.

THE EIGHT U.T. FACIAL HEALING ZONES

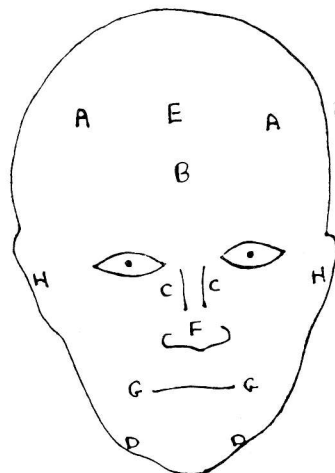

Figure E

THE EIGHT U.T. FACIAL HEALING ZONES

Each facial healing zone has its own governed area of physical illness and its own natural healing quality to offer you. The eight facial zones, along with the healing energy attributed to each one, is as follows:

- Facial Zone A = Mental stimulation.
- Facial Zone B = Perfect glandular balance.
- Facial Zone C = Blood disorders.
- Facial Zone D = Sexual desire.
- Facial Zone E = Nerves.
- Facial Zone F = Stomach.
- Facial Zone G = Lungs.
- Facial Zone H = Body.

Study and memorize the Eight U.T. Facial Healing Zones. Learn to associate zone and affliction in one swift thought. This secret knowledge of zones can be a lifesaver!

MAKING FACIAL MASSAGE THERAPY WORK FOR YOU

If you desire greater mental clarity, direct your treatment around Zone A. If a physical part of your body needs mending, focus your thoughts upon the area of your body that is sick. Think about the facial healing zone to use. If you desire greater sexual prowess, then stimulate Facial Zone D as described. If you wish to have peace and tranquility, and well-being then Facial Zone E should be massaged. If you suffer from lung ailments, Facial Zone G will work for you. Use Facial Zone H for a general healing massage. If you desire to improve your digestive system, stimulate facial Zone F. A gentle massaging of Facial Zone C will help to cleanse and purify diseases of the blood.

THE SECRET OF PERFECT EYESIGHT

Can poor eyesight be improved with Mystic Healing Power and Facial Massage Therapy?

Based on personal experiences, and the experiences of others, I

am convinced it can. You are about to learn an amazingly simple and fast working technique for improving your eyesight.

You will notice instantaneous improvement the very first time that you use it.

It is based on the well-known "palming" method.

You are now ready to begin.

Sit down in dark, quiet room.

Close your eyes and relax.

Perform the whole of the Mystic Healing Ritual as described.

In your imagination you are sitting bathed in white light. Focus your thought on your eyes. Feel healing energy flowing into them. Keep calm.

Next, carefully place one hand (palm down) over each eye. The fingers must cross over the top of your nose. Allow yourself to be aware of this new energy flow for a few minutes.

Take away your hands.

You will notice that your eyes feel better than before, and that your vision has actually improved. Select a convenient time to perform mystic healing sessions over an extended period of time, and you will achieve a dramatic improvement in your eyesight.

Does this technique work? Ask Ruth R. of Detroit. After suffering the effects of poor eyesight for over ten years, she was willing to give the mystic healing/facial massage technique a try. She followed instructions and within one month her eyesight had improved to such a point she threw away her glasses.

LET MYSTIC LIGHT ILLUMINATE YOUR LIFE

Practice the Mystic Light Power Rituals, Chants, and Affirmations given to you in this chapter. You are moving ever closer to unlimited occultism. Read on and let the power of miracle metaphysics show what it has to offer you – *just for the asking!*

7. Miracle Metaphysics Your Way To A New Life Of Accomplishment And Happiness!

No matter how much wealth, love, power, and sexual energy you possess, if you are left unfulfilled, you really have nothing at all.

That is why this final chapter of ultraterrestrial principles reveals the long-sought secret of true and lasting happiness: Cosmic Illumination. Learn these secrets of the Ancient Mystic Masters, and no matter what else happens, you will feel a truly satisfying sense of contentment – the like of which you have never experienced before.

To start the flow U.T. Metaphysical Power into your life, you should begin each new day with a series of positive metaphysical expressions of belief in your psychic-occult power to create the future, now. The affirmations of faith will help to sensitize your mind to the actual, immediate manifestation of the concepts symbolized by the expressions of belief. This, in turn, will stir the mystical energies of the mind into dynamic and creative action. Your psychic-occult mind force will then begin to radiate powerful, magnetic-like beams of mental energy. Energy which will draw to you whatever you desire in life.

When you use positive mind commands you are, in fact, using powers of self-hypnosis. Whenever the mental concept is believed your entire psycho-physical system begins to react to the inner stimulation, with your whole life forming itself into a reflection of those beliefs. If you tell a perfectly healthy individual that he looks sick and tired, over and over again, he will – providing your suggestions are strong, and convincing – undergo a dramatic and radical change in his nature, becoming run-down and lethargic. This, then, is the power of suggestion and the secret to controlling the thoughts and actions and minds of others.

Repeat the following psycho-commands at least 20 times each for an instant demonstration of Metaphysical Power in action. The mind force released through the commands will help you to achieve your goals.

“I think happiness, therefore I am happy.”

“I think success, therefore I am successful.”

“I think protection, therefore I am protected.”

Remember: Thoughts are the motivating force behind all actions and situations. They are the difference between success and

failure, love and loneliness in all our lives. Use them to create your perfect life.

The next step toward releasing Metaphysical Power into your life, is the actual controlling of your thought patterns. This is achieved through the elimination of certain negative mental attitudes such as poverty, fear, anxiety, etc. The subconscious mind responds to every psycho-command (thought) sent to it during the course of a lifetime. Unfortunately, a great many of these commands are negative in nature reflecting, as they do, certain inbred false beliefs of poverty, ill health, despair, and loneliness which cause these negative magnetic-like energies to take form and manifest as tangible reality.

Once you accept the basic concept of thoughts creating situations in your life, you can begin to increase the effectiveness of all the psychic-occult power techniques revealed in this book. Every emotion (both good and bad) generates powerful psychic vibrations. To master the power of miracle metaphysics, you must learn to control emotion.

Whenever you find yourself in a situation where you are angered by a person's actions, instantly cancel out the negative emotion of anger by projecting love and understanding to the person, mentalizing:

“I forgive you for your actions.”

At the same time visualize the person surrounded by a pink light, the metaphysical color of love and understanding.

This metaphysical act of divine forgiveness will, in turn, benefit the other person as it will remove negative thought patterns from his or her mind. You will also be helping the whole of mankind – whenever an individual performs a positive metaphysical act, powerful energies spread throughout the Collective Unconscious of mankind – helping the higher Spiritual Forces to alleviate the stranglehold of darkness and negative mental energies.

THE SEVEN SECRETS OF HAPPINESS

Down through the ages, humanity's greatest sages have shared the secret of true and lasting happiness. What is this secret of ages past? The human mind can be freed from the shackles of material servitude, to enter into a high level of Spiritual Energy – a level of mind which the world's great thinkers have chosen to call Universal

Enlightenment. The level of thought which reveals to the enlightened soul the Mystic Blueprint of the Cosmos – the motivating force behind all things.

There are many paths to achieving this coveted mystical state of being, some quicker than others, where the darkness of ignorance is transformed – becoming the golden light of understanding. One such path to enlightenment involves the Seven Secrets of Happiness:

The First Secret

This secret involves treating everyone you meet with equal respect and dignity, at all times. This is the secret of courtesy.

The Second Secret

This secret involves giving your all in everything you do in life, whether for yourself or for another. This is the secret of putting your all into every action at all times.

The Third Secret

This secret involves giving admiration, respect, and sympathy to those in need of help through no fault of their own. This is the secret of caring.

The Fourth Secret

This secret involves never harming any living creature. This is the secret of reverence for life. You should avoid eating fish, meat and fowl. Give to animal charities

The Fifth Secret

This secret involves never betraying the trust of your friends and loved ones, while not condoning any wrongdoings on their part, for this does not aid them in their development. This is the secret of loyalty to others.

The Sixth Secret

This secret involves the avoidance of destructive emotions such as jealousy, envy, anger, and resentment. This is the secret known as emotional control.

The Seventh Secret

This secret involves the contemplation of Universal Mind energies, and the underlying unity behind all things. This is the secret of secrets.

These, then, are the Seven Secrets of Happiness designed to help you find the joy and contentment you have always desired. Your life will be filled to overflowing with happiness and peace of mind.

Each secret is cosmically charged to ensure you receive maximum benefit, and as you assimilate these secrets into your daily affairs, you will begin to feel a sense of confidence and satisfaction in everything you do.

THE POWER OF POWERS

Metaphysical Power is the invisible occult force which can fill the void in your life. It is, in fact, the secret behind the successful application of all psychic, occult, magical, supernatural, and ultraterrestrial power. The whole essence of metaphysics and occultism is now offered to you in an easy and simple form.

HOW DAVID D. CRAWLED BACK FROM THE BRINK AND FOUND A REASON TO LIVE

Before moving onto specific Metaphysical Power techniques, however, you may be interested in hearing how this U.T. power force helped a young man find his real purpose in life.

For many years, David D., a young businessman, had successfully invested in the stockmarket and lived like there was no tomorrow. Wild parties, fast cars, girls, world travel, expensive clothes, the works. Then suddenly, one day, it all came to an end. He found that he had lost everything during the recent stockmarket crash.

Heavily in debt, David began to seriously consider suicide as a means of escape. Instead, he hit the bottle which only made matters worse. Gradually his life fell apart. His business failed, friends deserted him, and finally he was forced out of his luxury apartment.

David had always been a fighter, but this time he was utterly devastated and just couldn't seem to come to grips with the situation. Then his health started to deteriorate. "I just can't go on like this," he told me. "I have no reason to live."

After several long talks, one lasting many hours, I finally

persuaded him to give the Seven Secrets of Happiness a try. The results were truly miraculous.

With these energizing secrets of Metaphysical Power, David realized that money and material possessions are, for many, a means to an end – transient gratification. He saw that he drank out of a feeling of failure – a failure to live his Cosmic Mission in life. And with this realization, David D. was reborn. The feeling of an inner radiance started to grow within him and the greatest of all gifts was his.

David was enlightened.

Starting as a volunteer helper in a local Community Youth Refuge, where he counselled troubled street kids trying to get started in life, David gradually kicked the habit of seeking escape in the bottle, as he did work in a Skid Row soup kitchen to help others, and as he became more concerned with community projects.

Today, healthy in body and mind, David is a new man. His only regret is not finding his place in the Cosmic Plan sooner.

But the true message of this case history goes much deeper than David's mission in life. It reveals to you that every positive experience has an element of disaster at its metaphysical core, and that salvation can be found. It tells you that every situation can change, for better or worse.

THE U.T. SECRET OF UNIVERSAL ENLIGHTENMENT

Lie down in a dark, quiet room.

Close your eyes and concentrate on the square-inch space between them.

According to ancient texts, the unity of life and consciousness dwells in the square-inch between the eyes and is the source of ultraterrestrial mind energies that can open up a whole new way of life for those who know how to use these energies to manipulate events in the material world.

Meditate on the "inner meaning" of the Seven Secrets of Happiness.

Repeat the meditation daily until you are certain that you have freed your mind from the bondage of the everyday world. You will know that you have achieved this advanced psychic state when every day comes to be the most wonderful experience of your life.

This is just one of many varied ways you can use to achieve

Universal Enlightenment. As you progress along the Mystic Path, others will become apparent to you.

It is so simple to bridge the gap between what you now have and whatever you desire, yet some try creative mind energies and fail. Usually it is the inbred psychological blocks of fear, doubt, worry, anxiety, uncertainty and general pessimism which negate their efforts. If you consider yourself as a victim of these unwanted "mental demons", the following metaphysical method is ideally suited to your need. Use this method, and no matter what else happens, you will enjoy and instant improvement in your emotional and material circumstances.

Do it now.

Lie down in a dark, quiet room. Close your eyes and concentrate on your breathing until the rhythm is perfectly established. Imagine yourself as a focal point for metaphysical energies. See these energies as a pink light. Open your mouth and take a deep breath. Imagine the light growing brighter as it is drawn in down to your solar plexus. As you exhale slowly, you must form the mental image of the light flowing to all parts of your body.

Do it again. And again. And again.

With practice the pink light will become easier to envisage.

When you feel you have become proficient at controlling your rhythm of breathing and the imaging of the pink light, you will have reached point of development where you can free yourself of unwanted mental distortions.

Proceed as follows:

1. Sit in a comfortable chair, with your back supported, feet flat on the floor, almost touching.
2. Lay your hands, palms up, in your lap.
3. Close your eyes and relax.
4. Take five deep breaths and as you inhale think the word: "Relax," and as you exhale think the words: "Let Go," until you experience complete relaxation of mind and body.
5. Direct your awareness within.
6. Form a mental image of the pink light and, inhaling and exhaling slowly, image tiny black bubbles emerging from your open mouth and bursting in the air, about three feet in front of you. These bubbles represent the mental distortions inside of you which you must release in order to enjoy the life-

enriching rewards of the power of miracle metaphysics.

7. Allow your mind to wander as it will.

8. End session.

9. Repeat as needed.

To get the most from this U.T. Power technique, set aside a few minutes of your time each day for its study and application. You should try to use the method at the same time of day and in the same place, where you are confident you will not be disturbed. If you happen to have a spare room available, then this would be ideal, but it is by no means mandatory.

HOW BRENDA S. WAS REVITALIZED

Brenda S. came to see me for help. She suffered from tension headaches. After talking to her for a while, I realized that she was an unhappy girl, who worried constantly about anything. I told her to try the "pink light", as it would stop the headaches. She didn't believe me, but agreed to give it a try. Within one week, she was revitalized. Her headaches had stopped, the worries started to disappear from her mind, and she started to feel an improvement in her emotional stability.

THE U.T. METAPHYSICAL POWER PRAYERS

Prayer is, by its very nature, a study of ourselves and the dimension of the soul. Of things beyond the five senses and the material. Unfortunately, few, if any, of the old-fashioned "biblical prayers" ever produce results – ask anyone who has tried them and they will tell you prayers don't work.

The U.T. Metaphysical Power Prayers, as I call them, exert an influence over the situations you desire to change . . . and are an easy way to obtain your goals in life with constructive thoughts. They are designed to connect you with the limitless powers of Universal Mind.

What are the Metaphysical Power Prayers? They are special words – think of them as Spells, if you like – that are added as a triumphant importance to the ultraterrestrial secrets in other sections of this book.

These special ultraterrestrial words of power will make absolutely certain that your work is totally successful.

For example, if you are seeking to meet your soul mate for romantic joy, you would add, at anytime when you are alone, the Metaphysical Power Prayer appropriate to your desire.

HOW LOIS L. TRANSFORMED HER LIFE

Can the power of Metaphysical Prayer help you? I think the best way to answer that question is to tell you how this ultraterrestrial power force helped an unfortunate young woman overcome her sordid past and make a new start in life.

Lois L. was in quite a predicament when I first met her. She was without a cent to her name and living on handouts when she approached me outside an expensive Los Angeles restaurant. I took her into the restaurant, bought her lunch and talked to her about her problems. "My life is a personal Hell," she sobbed. "I'm sick and tired of living with nothing to show for it."

She had run away from home at an early age for the bright lights and fun of Los Angeles. By the time she was 21, she was pregnant and alone, with no reprieve in sight. Streetwalking and shoplifting to raise the cash required to have an abortion, Lois had swiftly become trapped into a life of crime.

She nearly choked on her food when I suggested she release the ultraterrestrial power of Metaphysical Prayer into her life, because it was totally different to the way she had been using her mind up until that time.

"I don't believe it will do me any good," she said, "but I'm prepared to try anything to be free of this rotten existence."

I watched her face as she softly spoke the Metaphysical Prayer's magical words of power. At first, it was totally impassive. Then suddenly, as if an electric light had been switched on, it began to glow with a peaceful inner radiance. And for the first time in years, Lois L. smiled.

"Thank you," she said. "I know what to do now. It was like a gentle soft voice spoke to me in my mind." Lois had received instant powerful help from the Universal Mind.

A few months later, I received a postcard from Lois and her new husband. "With the help of my family and friends," she wrote, "I have finally turned my back on the past, and made a new life for

myself. I only wish I had used the metaphysics years ago."

The U.T. power of miracle metaphysics worked for Lois, and the very same power will work for you.

THE U.T. METAPHYSICAL MONEY SECRET OF THE COSMOS

A short time from now, you are going to learn how to activate the full materialization power of your mind, and then watch in amazement as wealth and luxury appear in your life for you to enjoy . . . over and over, again! Using this branch of miracle metaphysics, you are now going to be able to draw in all the money you need or desire. You have possessed this miracle power since birth, is as natural as breathing . . . and just as easy to use for the fulfillment of your monetary needs and desires.

And it's yours – just for the asking!

In effect, it's like having your own "Magic Money Machine," producing endless streams of wealth, which can be activated when you use the right words. The words generate the proper magical vibrations to attain riches which, in turn, connect you with the Universal Mind to get the results.

You can have all the money you want.

The Universal Mind wants you to be happy and fulfilled in every endeavor and phase of life. The Metaphysical Power Prayers are your personal contact with the limitless energies of the Invisible World. You will be directed to the right person, or place, to get the money you need in life. Whatever you desire you will have.

Your dreams of wealth will become a reality with the motivating power of miracle metaphysics.

THE U.T. METAPHYSICAL POWER PRAYER FOR MONEY

Attracting money with metaphysical power can be easy as 1-2-3, when you once release the power of miracle metaphysical energies. To start the money materialization process, it is necessary for you to sit in silence, fixing your thoughts upon money and its equivalents, for at least nine minutes each day. This will generate the correct ultraterrestrial vibrations to attract money and material possessions.

Proceed as follows:

1. Sit in a comfortable chair, with you back supported, feet flat on the floor, almost touching.
2. Lay your hands, palms up, in your lap.
3. Close your eyes and relax.
4. Take five deep breaths and as you inhale think the word: "Relax," and as you exhale think the words: "Let Go," until you experience complete relaxation of mind and body.
5. Direct your awareness within. Now recite:

"I now attune my mind, body, and soul to the Mystic Forces which hold sway over riches and abundance. I know that there is money to meet all my needs, and that I need only ask and it shall now be given. I now claim this divine right to have all the sums of money I will ever need to make my life complete and free of all financial restrictions. I now ask the Great Universal Mind, and the Higher Spiritual Forces, to grant me this genuine request – I desire the sum of (amount of money) for/to (why you need it). I know now that my request has been heard and answered."

6. Allow you mind to wander as it will for a few minutes, opening yourself to the flow of intuitive impulses directed towards the attainment of riches and success.
7. Repeat as needed.
8. End session.

The Metaphysical Power Prayer is ideal whenever you require money for any worthwhile purpose. Worthwhile purposes include actions which are beneficial to yourself and to others. In other words, using miracle metaphysics to grow rich and successful is a positive action.

Note: The sudden insight may not be experienced until after ending the metaphysical power session, but come it will, this I promise you.

HOW GLENN C. USED METAPHYSICAL POWER TO WIN CONSISTENTLY ON THE HORSES

One of the things I've done recently that gave me the greatest pleasure was to introduce Glenn C., a good friend of mine, to the

ultraterrestrial. Glenn the owner of a small barber shop in New York, was the closest thing to a compulsive gambler you could ever hope to meet. Lotteries, roulette, track-betting, bingo, number games, poker, two flies crawling up the wall, you name it and he would gamble on it.

The problem was he never could seem to win.

During one of my regular visits to Glenn's establishment, for a little bit off the top, he lamented the fact he had never been lucky at betting. "You're always lucky," he commented. "What's your secret?"

I told him, but I don't think he believed me.

He almost laughed in my face when I raised the subject of ultraterrestrial powers and how they can be used to improve one's circumstances, and receive help instantly.

"I'm not in the least bit psychic," he insisted, "and I've never had the slightest interest in any of that spooky stuff."

After much talking, relating how Ulterrestrial Power had helped other people to realize their desires, I finally convinced Glenn he should give the U.T. Metaphysical Power Prayer a try. "After all," I said, "what have you got to lose?"

I told him to spend a few minutes each day, prior to entering any game of chance, saying the power prayer and sit in silence to feel the magical forces surrounding him. Universal Mind responded to the prayer by placing the thought in his mind that he should not gamble for the next nine days. Glenn followed the advice given to him and went to the racetrack once the nine days had passed.

He had \$200.00 to gamble with that day at the track. He looked at the form guide and all nine winners for day lit up like a small neon sign. Universal Mind was with him, and Glenn came home with a cool \$1500.00 in his pocket.

Glenn could not believe his good luck. He has since made back all the money he had lost over the past 20 years, and is still winning, winning, winning! Now he only has to gamble once or twice a week to get lucky. He knows the Metaphysical Power Prayer for Money works.

It will work for you, too.

THE U.T. METAPHYSICAL POWER PRAYER FOR LOVE

Here is another technique which will appeal to many readers, one to find the ideal person for love and romance. Before beginning,

sit down and relax and think about the type of individual you imagine as ideal. Include the physical, emotional, spiritual, and sexual attributes that you wish he or she to possess.

Close your eyes for a moment and see the type of person you desire. See the two of you together in happiness and love. Form a mental image of your ideal lover showering you with great and lasting love. Simply hold in you mind an image of the happy, desirable outcome you want. The Universal Mind will find the person you want. Proceed as follows:

1. Sit in a comfortable chair, feet flat on the floor, almost touching.
2. Lay your hands, palms up, in your lap.
3. Close your eyes and relax.
4. Take five deep breaths and as you inhale think the word: "Relax," and as you exhale think the words: "Let Go", until you experience complete relaxation of mind and body.
5. Direct your awareness within. Recite:

"I now project magnetic rays of love energy from my heart and soul, to blend my thoughts and wishes with those of the perfect lover. I seek, with this power, to attract the perfect soul mate for mutual love and affection. I now command the invisible forces and magical energies of the Universal Mind to bring this person to me, now!"

6. Allow your mind to wander as it will for a few minutes, opening yourself to the flow of intuitive impulses directed towards the attainment of love.
7. Repeat as needed.
8. End session.

Now close your eyes again, and think about the desirable outcome you seek. I would suggest you perform this U.T. technique immediately before the rising of the Full Moon. It can be any night you like, although I tend to believe Monday or Friday nights are best. They are the traditional nights for love and emotional matters. If you can't perform the power prayer on these nights don't worry, your desires will be strong enough to overcome any change of night.

Note: The sudden insight may not be experienced until after ending the session, but come it will, I promise you.

HOW MICHAEL H. FOUND THE GIRL OF HIS DREAMS

Michael H., a shy young college student I know, was disillusioned and unhappy for he had been unable to find the right girl to share his life. He had never had a successful relationship with a girl because of acute shyness. He did not believe he would ever be lucky in love.

A mutual friend told Michael of my occult researches and he came to see me for help. I felt he needed to tune into Universal Mind for help and guidance. The Universal Mind would be able to seek out and attract the perfect mate to him within the next few days.

"I wish I could believe you," he said, "but it seems too good to be true". I assured him it was true.

I gave him the U.T. Metaphysical Power Prayer For Love and told him to go back to campus and start using it at once, three times each night, this would help set the energy flow in motion to attract the right girl into his life in the immediate future. Michael followed my instructions, and within three days the Universal Mind responded to the prayer by placing the thought in his mind that he should go for coffee at a local cafe.

He felt he should look for a tall redhead in an apricot dress.

Michael followed the advice given to him and, much to his surprise, about an hour after he arrived, the exact girl the Universal Mind sent a mind image of, was standing in front of him. "Is this seat taken?" she asked.

It was love at first sight.

They were married within six months and are expecting their first child. Michael's life is now complete. Thanks to the mystical energy of Ultraterrestrial Power.

THE U.T. METAPHYSICAL HEALTH SECRET OF THE COSMOS

Good health is made possible by releasing ultraterrestrial energies, and then focussing this power through constructive thought and controlled will, on any part of the body that needs healing. The vast majority of every disease and illness known to man originate as a slight disruption within the auric energy field (an emanation which surrounds the human body in a multi-colored cloudlike light), which ultimately manifests as the respective physical complaint. This

disruption is caused by a negative mental attitude and outlook on life, so I urge you to study the simple technique for getting rid of unwanted negative mental attitudes, until it becomes a part of your consciousness. By studying and applying this technique, as described, you will go a long way towards attaining (and keeping) good health, energy, and youthful vitality.

Now is the time to heal any part of your body that needs attention. Sit down and relax and think about the part of your body that is sick. Use your power of miracle metaphysics to fill your auric energy field and body with the surging energies of metaphysical healing force.

The most straightforward way of implementing metaphysical healing power in your life is simply to sit down and relax and form mental image of an intense bright, white light all around you. This light is an etheric energy given substance through your imagination. The energy locks-on to the dominant thought (healing) in your mind and goes to work, in silent and unseen ways, to bring it into being.

This is etheric energy in its simplest form.

There is nothing wrong using etheric energy in this fashion, however, a much better result can be attained if you use the surging healing energies of the Metaphysical Power Prayer for Health. Proceed as follows:

1. Sit in a comfortable chair, with your back supported, feet flat on the floor, almost touching.
2. Lay your hands, palms up, in your lap.
3. Close your eyes and relax.
4. Take five deep breaths and as you inhale think the word: "Relax," and as you exhale think the words: "Let Go," until you experience complete relaxation of mind and body.
5. Direct your awareness within. Recite:

"Lord God of the Heavens, and all above, and all below, I pray Thee to grant me the power to conceive of the Life Fluid, so that I may become a part of it. The glorious Life Force shall permeate me and suffuse me, and bring me ever-lasting health. Grant me, O Great and Powerful Universal Mind, this request."

6. Allow your mind to wander as it will.
7. End session.
8. Repeat as needed.

As you finish reciting the power prayer you can proceed directly to the healing process. Now is the moment to heal any part of your body – easily and quickly. If you desire greater mental clarity of intellect, direct your consciousness to the square-inch space between the eyes. A physical disorder can be helped to heal by simply thinking about it as you sit bathed in the healing energies of miracle metaphysics. Allow yourself to become aware of the energy flow. Select a convenient time, and perform the healing process every day, until you notice a definite improvement in your health.

HOW ARTHUR H. WAS HEALED AND REJUVENATED

The kind of help metaphysical healing can provide is best illustrated by the case of Arthur H., a middle-aged school teacher from the mid-west, who I met through an occult discussion group.

Arthur came to the weekly sessions a depressed, unhappy man with dark rings under his eyes and an awful complexion. He was weak, listless, and looked twice his age. He did not get more than three hours of sleep each night because of insomnia, caused by the tension headaches he had endured for the past five years. He could not find relief in the various analgesics he had tried, or from the many doctors he had consulted. Somehow he could just manage to make it through the hectic day in the classroom but his nerves were getting worse all the time.

He came to the group seeking help.

After talking to him for a while, I told him to try the U.T. Metaphysical Power Prayer For Health as I sensed it would free him from the tensions which caused the headaches, and grant him the eight hours of sleep that he so desperately needed.

Arthur followed my instructions for seven days. He came back to the group the following week, and the transformation was truly incredible, to say the least. His headaches disappeared, the insomnia vanished and the dark rings were gone from under his eyes. He became more alert and vigorous. He even looked younger than his true age.

By reciting the words of the power prayer each day, Arthur blended his mind with the Universal Mind and was healed.

PHYSICAL SENSATIONS

Yoga teaches that the mind and body are linked, and here you should know about the physical sensations that often accompany the development of one's transcendental powers. As you sit in your metaphysic session a slight tingle may be felt throughout the body, particularly in the feet and hands. There may be a strong desire to sway from side to side – or backward and forward – as you relax in your chair. You may become aware of a pleasant smelling fragrance which will seem to fill the air around you. You may sense a gentle caressing of your face and arms. Vibrations may be felt along the spine and reproductive region, and in other parts of the body. You may see coloured lights before your closed eyelids, and sense invisible hands placed upon your shoulders. There may even be the sensation of movement within your body. These are all signs that mystic mind energies are moving to create a reality in accordance with desire.

MAKING U.T. METAPHYSICS WORK FOR YOU

To help focus the creative mind energies released through the study, practice, and application of transcendental metaphysics in your life, it is a good idea to compile a short list of the goals you desire in life. List those objectives you wish to achieve on a regular basis as well as more long-term goals. Read through the list two or three times prior to beginning each metaphysic session. Then form a clear mental image of an objective (short or long term) on your list until it has been achieved. This simple mental exercise will help to generate positive experiences, on a regular daily basis, as the creative mind energies begin to influence chance and coincidence to bring your desires to pass.

In this book I have shown you how to achieve results in the direction of any goal. I have shown you how to release and manipulate the secret energies of Ultraterrestrial Power to work miracles. These secrets will bring all the wealth, power, success, happiness, health, love, possessions, sex, and good fortune you need or desire.
